It is hereby provided in the case of disability resulting from occupational diseases as herein defined, including silicosis, that all claims therefor shall be forever barred unless the same shall be presented in writing under oath to the employer, the insurer or the board as the case may be within thirty (30) days after claimant has filed his notice of disability as provided in section 92-1313. In the case of death from an occupational disease, as herein defined, including silicosis, all claims therefore shall be forever barred unless the same shall be presented in writing under oath to the employer, the insurer, or the board, as the case may be, within thirty (30) days of filing the notice of death as provided in section 92-1313. *For the purpose of this act a claim for benefits on account of total disability or death of a miner due to pneumoconiosis is deemed to be timely filed if it is filed within three (3) years of the discovery of the total disability or the date of death.*

In case of death—claims barred unless presented within 30 days after filing notice of death.

Claim due to pneumoconiosis timely filed within 3 years.

HeinOnline -- 1971 vol. I 784 1971

Claims shall be filed in triplicate on forms to be furnished by the board and may be accompanied by a medical report of the claimant's attending physician. The provisions of this section as to the time for presenting claims for compensation shall prevail over any other provisions of this act to the contrary."

Claim forms in triplicate.

Section 4. Section 92-1315, R.C.M., 1947, is amended to read as follows:

Amending clause.

"92-1315. **Procedure for medical examination.** A. In order to determine the validity of claims made pursuant to the provisions of this act, the following procedure and no other shall be followed in the course of the medical examination of the claimant for official report to said board, claimant, employer, or insurer, as the case may be.

Procedure for medical examination.

1. Upon the filing of a claim by a claimant for occupational disease disability, other than silicosis *or pneumoconiosis,* the board shall direct a member from said "medical committee" to examine and determine the disability of the claimant and submit a written report thereon to the board.

Occupational disease disability claim.

Upon the filing of a claim for compensation for silicosis disability under this act, the board shall direct an examination of and report to the board upon the claimant by said "pulmonary specialists," or one of them, including such X-ray and other pathological examination and tests as in the opinion of such specialist or specialists may be necessary for the purpose of determining diagnosis, disablement, and the nature and type of medical treatment, hospitalization and other care required. If the claim is not controverted as to any medical fact, the examination and report of one of said specialists, shall be deemed the examination and report of all "pulmonary specialists." If the claim is controverted as to any medical fact, the report shall be made by all of said specialists after a physical examination by at least two (2) of them. The findings and opinions of a majority of the number of said specialists then appointed shall constitute the findings and opinions of all of them. The contents of the report of said "pulmonary specialists" when placed in the record shall constitute prima facie evidence of fact as to the matter therein contained. The "pulmonary specialists" or any one (1) of them making the report shall be subject to examination upon demand of any interested parties.

Silicosis disability claim.

Report of pulmonary specialists.

Controverted claim.

Findings and opinions.

Prima facie evidence.

Examination upon demand.

HeinOnline -- 1971 vol. I 785 1971

Consultation with attending physicians.

The "pulmonary specialists," or any one (1) of them in order to assist in reaching a conclusion may require the attending physician or director of a hospital or a sanitarium or other place in which treatment or care is being given, or has been given, to attend at a convenient time and place to consult with said specialists, or any one of them and to describe the nature and type of care and treatment and furnish any other evidence which said specialist or specialists desire.

Determination by board.

Upon receiving the written report of such examining physician or physicians so appointed, the board shall forthwith determine whether or not the claimant shall receive the benefits pursuant to this act and it shall forward notice of its determination together with a true and correct copy of said medical report to the claimant and the employer or insurer as the case may be.

Demand for hearing within 20 days.

2. If within twenty (20) days after receipt of such notice and medical report the claimant, employer or insurer, as the case may be, is dissatisfied with said determination by said board, they, or any of them, may demand a hearing before said board pursuant to the rehearing provisions of section 92-829. If, however, the board, claimant, employer or insurer, or any of them, is dissatisfied with the results of such first medical examination as indicated by said medical report, such dissatisfied party may upon thirty (30) days' notice in writing to all adversary parties and to the board require a re-examination by a member of said "medical panel"; provided, however, that if the benefits claimed are for a disability caused by silicosis the physician so selected by the dissatisfied party must be one of the "pulmonary specialists." Thereupon, after receipt of the report of medical re-examination, the board shall give like notice of its determination, whether said determination shall be the same as before or otherwise, together with a copy of said medical report, in the same manner as in the case of the first such examination and the party shall be entitled to a rehearing in the same manner as in the case of such first medical examination. The evidence of the two (2) medical examinations above described shall be final, and, so far as the medical examination of the claimant is concerned, no evidence of other or additional medical examinations shall be admissible before the board upon rehearing nor before any court upon the appeal, if any.

Request on 30 days notice for medical re-examination.

Rehearing.

Limitations on medical evidence.

B. The standards for determining death or total disability due to pneumoconiosis are as follows:

Standards for determining death or disability—pneumoconiosis.

1. Total disability defined. A miner is under a total disability due to pneumoconiosis if: (a) He is suffering or suffered from a chronic dust disease of the lung which: (1) when diagnosed by chest roentgenogram, yields one or more large opacities (greater than one centimeter in diameter) and would be classified in category A, B, or C in the international classification of radiographs of the pneumoconioses by the international labour organization; or (2) when diagnosed by biopsy or autopsy, yields massive lesions in the lung, that is, shows the existence of progressive massive fibrosis; or (3) when established by diagnosis by means other than those specified in subparagraphs (1) or (2) of this paragraph, would be a condition which could reasonably be expected to yield the results described in subparagraph (1) or (2) of this paragraph had diagnosis been made as therein prescribed. Provided, however, that any diagnosis made under this clause shall be in accordance with generally accepted medical procedures for diagnosing pneumoconiosis.

Total disability defined.

Chest roentgenogram.

Biopsy or autopsy.

Other diagnosis.

(b) (1) He is unable to engage in any substantial gainful activity by reason of pneumoconiosis which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than twelve (12) months; or (2) where the requirements of paragraph (a) of this section are met, the finding that a miner is under a total disability is established by irrebuttable presumption.

Miner unable to engage in gainful activity.

2. Evaluating total disability. (a) Total disability may not be found for purposes of this part unless pneumoconiosis is the impairment involved. Whether or not pneumoconiosis in a particular case constitutes a disability as defined in 1. (b) is determined from all the facts of that case. Primary consideration is given to the severity of the individual's pneumoconiosis. Medical considerations alone can, except where other evidence rebuts a finding of "disability," e.g., the individual is actually engaging in substantial gainful activity, justify a finding that the individual is under a disability where his impairment is one that meets the duration requirement in 1. (b), and is listed in the appendix to this subpart.

Total disability—pneumoconiosis involved.

Considerations.

(b) Pneumoconiosis may be found disabling if it does prevent the individual from engaging in any substantial

Primary reason for disability.

HeinOnline -- 1971 vol. I 787 1971

gainful activity. Such an individual, however, shall be determined to be under a disability only if his pneumoconiosis is the primary reason for his inability to engage in substantial gainful activity. In any such case it must be established that the individual has a respiratory impairment because of pneumoconiosis, demonstrated on the basis of a MVV and FEV_1 which are equal to or less than the values specified in the following table or by a medically equivalent test.

Establishment of impairment.

Height (Inches)	*MVV(MBC) equal and to or less than* L./Min.	*FEV_1 equal to or less than* L.

71	*66*	*1.8*
72	*67*	*1.9*
73 or more	*68*	*1.9*

Limitations on findings.

3. Evidence of pneumoconiosis. (a) A finding of the existence of pneumoconiosis may not be made in the absence of:

Chest roentgenogram.

(1) A chest roentgenogram showing the existence of pneumoconiosis classified as category 1, 2, 3, A, B, or C, according to the international labor organization (1958), international labor organization (1968), or union internationale contra cancer/Cincinnati (1968) classifications of the pneumoconiosis (if the chest roentgenogram is classified as category Z, it should be reclassified as category 0 or category 1 and only the latter accepted as evidence of pneumoconiosis); or

Autopsy.

(2) An autopsy showing the existence of pneumoconiosis; or

HeinOnline -- 1971 vol. I 788 1971

(3) A biopsy (other than a needle biopsy) showing the existence of pneumoconiosis. Such biopsy would not be expected to be performed for the sole purpose of diagnosing pneumoconiosis. Where a biopsy is performed for other purposes, however, (e.g., in connection with a lung resection), the report thereof will be considered in determining the existence of pneumoconiosis.

Biopsy.

(b) The roentgenogram, to conform to accepted medical standards, should represent a posterior-anterior view of the chest, taken at a distance of six (6) feet between the X-ray tube and the X-ray film on a 14 by 17 inch X-ray film.

Accepted medical standards for roentgenogram.

(c) A report of autopsy or biopsy shall include a detailed gross (macroscopic) and microscopic description of the lungs or visualized portions of the lungs. If an operative procedure has been performed to obtain a portion of a lung, the evidence should include a copy of the operative note and the pathology report of the gross and microscopic examination of the surgical specimen. If an autopsy has been performed, the evidence should include a complete copy of the autopsy report.

Autopsy or biopsy report requirements.

4. Determining medical equivalence. (a) An individual's impairment shall be determined to be medically the equivalent of an impairment listed in the appendix to this subpart only if the medical findings with respect thereto are at least equivalent in severity and duration to the listed findings of the listed impairment.

Determination of medical equivalence.

(b) Any decision made under 2, (a) and 6, (a) as to whether an individual's impairment is medically the equivalent of an impairment listed in the appendix to this subpart, shall be based on medical evidence demonstrated by medically acceptable clinical and laboratory diagnostic techniques, including a medical judgment furnished by one or more physicians designated by the board, relative to the question of medical equivalence.

Medical basis for decision.

Diagnostic techniques. Medical judgment.

(c) Any decision as to whether a medical test is medically equivalent to the test described in 2, (b) shall be based on appropriate medical evidence, including a judgment furnished by one or more physicians designated by the board, relative to the question of the medical equivalence of such test.

Medical test.

Medical judgment.

5. Evidence of origin of pneumoconiosis. (a) If a miner was employed for ten (10) years or more in coal

mines and is suffering or has suffered from pneumoconiosis, it will be presumed, in the absence of evidence to the contrary, that the pneumoconiosis arose out of such employment.

Burden of proof on miner claimant.

(b) In any other case, a miner suffering or who has suffered from pneumoconiosis must submit the evidence necessary to establish that the pneumoconiosis arose out of employment in the coal mines.

Determination of cause of death.

6. Death due to pneumoconiosis. (a) A miner's death will be determined to have been due to pneumoconiosis if the miner suffered from a chronic dust disease of the lung which meets the requirements of 1, (a); or

Presumptions.

(b) If a deceased miner was employed for ten (10) years or more in coal mines and died from a respirable disease, it will be presumed, in the absence of evidence to the contrary, that his death was due to pneumoconiosis. Death will be found due to a respirable disease when death is ascribed to a chronic dust disease, or to another chronic disease of the lung. Death will not be found due to a respirable disease in those cases in which the disease reported does not suggest a reasonable possibility that death was, in fact, due to pneumoconiosis (e.g., cancer of the lung, disease due to trauma, pulmonary emboli); or

Burden of proof.

(c) Under circumstances other than those in paragraphs (a) or (b) of this section, the claimant must submit the evidence necessary to establish that the miner's death was due to pneumoconiosis and that the pneumoconiosis arose out of employment in coal mines."

Finding of total disability.

Medical specifications.

Section 5. Appendix. A miner with pneumoconiosis, as evidenced in 3, of this part, plus one of the following sets of medical specifications, may be found to be under a total disability, in the absence of evidence rebutting such finding:

(1) Airway obstruction demonstrated on spirogram by MVV and FEV_1 equal to or less than the values specified in the following table:

An Act to Amend Section 32-21-149, R.C.M. 1947, Relating to Restrictions Placed on Tire Equipment; Permitting the Use of Specially Designed Pneumatic Tires When Required for Safety Because of Snow, Ice or Other Conditions Tending to Cause a Vehicle to Skid and Fixing Penalty.

Be it enacted by the Legislative Assembly of the State of Montana:

Amending clause.

Section 1. Section 32-21-149, R.C.M. 1947, is amended to read as follows:

"32-21-149. **Restrictions as to tire equipment.**

Rubber tire requirement.

(a) Every solid rubber tire on a vehicle shall have rubber on its entire traction surface at least one (1) inch thick above the edge of the flange of the entire periphery.

HeinOnline -- 1971 vol. I 798 1971

(b) No person shall operate or move on any highway any motor vehicle, trailer, or semitrailer having any metal tire in contact with the roadway. Use of metal tires prohibited.

Except as authorized in the preceding sentence, refunding bonds shall not be issued unless their average annual interest rate, computed to their stated maturity dates and excluding any premium from such computation, is at least three-eighths of one percent (⅜ of 1%) less than the average annual interest rate on the bonds refunded thereby, computed to their respective stated maturity dates.

Only new motor vehicle dealers' license plates bearing the letter "D" shall be assigned if both new and used motor vehicles (including trucks and trailers) are sold, and only one license fee shall be required of any one dealer. The registrar of motor vehicles shall cause to be placed on each set of license plates issued to a dealer, a serial number assigned to each dealer and the actual number of license plates issued to each dealer. The number of the dealer shall follow the prefix of the county, and the number of plates issued the dealer shall follow the prefix of the county and the number of the dealer, the dealer's number to be separated from the county prefix by a dash, and the number of plates issued to a dealer to be separated from the dealer's number by a dash, as follows: Dealer number 4 in Lewis and Clark County would be numbered 5-4, and if the dealer were issued three sets of plates, they would be numbered consecutively as follows: 5-4-1, 5-4-2 and 5-4-3. Dealers properly licensed under this section are authorized to use and display, dealer's license plates on any motor vehicle held for sale or used principally in the conduct of the dealer's business in selling or demonstrating motor vehicles. No dealer's license plate shall be used or displayed on vehicles normally used for hire, lease or rental or for purposes not incident to the business of a motor vehicle dealer. If it shall appear to the satisfaction of the registrar of motor vehicles, from information furnished to him by the sheriff or any other law enforcement officer, that any such dealer has been improperly licensed, has used the dealer's license in a manner other than the one permitted above, or is not qualified as a dealer under the requirements of this section, the registrar of motor vehicles may revoke such dealer's license. CHAPTER NO. 252.

An Act Requiring the Licensing of Persons Engaged in Mining Exploration and Related Activities; Requiring Permits for the Conduct of Development, Mining and Related Activities; Providing for the Reclamation of Explored, Developed, and Mined Land; Providing for the Administration and Enforcement of Said Act by the Board of State Lands and Investments; and Providing for an Appeal Procedure; and Providing an Effective Date.

Be it enacted by the Legislative Assembly of the State of Montana:

Statement on mining and reclamation.

Section 1. The extraction of mineral by mining is a basic and essential activity making an important contribution to the economy of the state and the nation. At the same time, proper reclamation of mined land and former exploration areas not brought to mining stage is necessary to prevent undesirable land and surface water conditions detrimental to the general welfare, health, safety, ecology, and property rights of the citizens of the state. Mining and exploration for minerals takes place in diverse areas where geological, topographical, climatic, biological and sociological conditions are significantly different, and reclamation specifications must vary accordingly. It is not practical to extract minerals or explore for minerals required by our society without disturbing the surface or subsurface of the earth and without producing waste materials, and the very character of many types of mining operations precludes complete restoration of the land to its original condition. The legislature finds that land reclamation as provided in this act will allow exploration for and mining of valuable minerals while adequately providing for the subsequent beneficial use of the lands to be reclaimed.

Finding of legislature land reclamation.

Purpose—reclamation of mined lands to beneficial use.

Section 2. The purposes of this act are to provide: (i) that the usefulness, productivity and scenic values of all lands and surface waters involved in mining and mining exploration within the boundaries and lawful jurisdiction of the state will receive the greatest reasonable degree of protection and reclamation to beneficial use; (ii) authority for cooperation between private and governmental entities in carrying this act into effect; (iii) for the recognition of the recreational and aesthetic values of land as a benefit to the state of Montana; and

HeinOnline -- 1971 vol. II 1028 1971

(iv) priorities and values to the aesthetics of our landscape, waters and ground cover. Although both the need for and the practicability of reclamation will control the type and degree of reclamation in any specific instance, the basic objective will be to establish, on a continuing basis, the vegetative cover, soil stability, water condition and safety condition appropriate to any proposed subsequent use of the area.

Definitions.

Section 3. As used in this act, unless the context indicates otherwise: (1) "Surface mining" shall mean and include all or any part of the process involved in mining of minerals by removing the overburden and mining directly from the mineral deposits thereby exposed, including, but not limited to, open-pit mining of minerals naturally exposed at the surface of the earth, mining by the auger method, and any and all similar methods by which earth or minerals exposed at the surface are removed in the course of mining. Surface mining shall not include the extraction of oil, gas, bentonite, clay, coal, sand, gravel, phosphate rock, or uranium nor excavation or grading conducted for on-site farming, on-site road construction, or other on-site building construction.

"Surface mining."

"Unit of surface mined area."

(2) "Unit of surface mined area" shall mean and include that area of land and surface water included within an operating permit actually disturbed by surface mining during each twelve-month period of time, beginning at the date of the issuance of the permit, and shall comprise and include the area from which overburden and/or minerals have been removed, the area covered by mining debris, and all additional areas used in surface mining or underground mining operations which, by virtue of such use, are thereafter susceptible to erosion in excess of the surrounding undisturbed portions of land.

"Disturbed land."

(3) "Disturbed land" shall mean and include that area of land or surface water disturbed, beginning at the date of the issuance of the permit, and shall comprise that area from which the overburden, and/or minerals have been removed; tailings ponds, waste dumps, roads, conveyor systems, leach dumps, and all similar excavations or covering resulting from said operation and which has not been previously reclaimed under the reclamation plan.

"Exploration."

(8) "Exploration" shall mean and include all activities conducted on or beneath the surface of lands resulting in material disturbance of the surface for the purpose of determining the presence, location, extent, depth, grade, and economic viability of mineralization in those lands, if any, other than mining for production and economic exploitation, as well as all roads made for the purpose of facilitating exploration, except as noted in section 20 and section 24 herein.

"Development."

Within thirty-five (35) days of receipt of the application and reclamation plan by the board and receipt of the permit fee, the board shall either issue an operating permit to the applicant or return any incomplete or inadequate application to the applicant along with a description of the deficiencies. Failure of the board to so act within that period shall constitute approval of the application and the permit shall be issued promptly thereafter.

HeinOnline -- 1971 vol. II 1036 1971

Term of permit.

The operating permit shall be granted for the period required to mine the land covered by the plan and shall be valid until the surface or underground mining authorized by the permit is completed or abandoned, unless the permit is suspended by the board as provided in this act. The operating permit shall provide that the reclamation plan may be modified by the board, upon proper application of the permittee, after timely notice and opportunity for hearing, at any time during the term of the permit and for any of the following reasons:

Validity.

Modification.

Notice.

Hearing.

Reasons.

(a) To modify the requirements so they will not conflict with existing laws:

(b) The previously adopted reclamation plan is impossible or impracticable to implement and maintain;

(c) The operator and the supervisor mutually agreed, in the field, to temporarily modify the reclamation plan, pending final approval by the board.

Successor in interest.

Release of first operator.

Compliance.

Assumption of duty to reclaim.

Transfer of permit.

When one (1) operator succeeds to the interest of another in any uncompleted mining operation by sale, assignment, lease, or otherwise, the board may release the first operator from the duties imposed upon him by this act as to such operation; provided, that both operators have complied with the requirements of this act and the successor operator assumes the duty of the former operator to complete the reclamation of the land, in which case the board shall transfer the permit to the successor operator upon approval of the successor operator's bond as required under this act.

Acceptable sureties.

Section 11. Concurrently with issue of a permit, the board may provide the permittee with a list of corporate sureties acceptable to the board from whom the performance bond hereafter required can be obtained.

Deposit of performance bond.

Upon receipt of a permit the permittee, other than a public or governmental agency, shall not commence operation until the permittee has deposited with the board an acceptable performance bond on forms prescribed and furnished by the board. This performance bond shall be a corporate surety bond executed in favor of the board by a corporation authorized to do a surety business in the state of Montana and approved by the board. The bond shall be filed and maintained in an amount equal to the estimated cost of completing the reclamation plan

Corporate surety bond.

for the area to be developed or mined during the next twelve (12) month period and any previously developed or mined area for which a permit has been issued and on which the reclamation has not been satisfactorily completed and approved. The board shall have the authority to determine the amount of the bond that shall be required, and may refuse any bond not deemed adequate. In no case shall the amount of the bond be more than five hundred dollars ($500) per acre of the area above described or fraction thereof.

Amount.

Maximum $500 per acre.

Conditions.

The bond shall be conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules and regulations adopted pursuant thereto.

In lieu of the surety bond required by this section, the permittee may file with the board a cash deposit, negotiable securities acceptable to the board, or an assignment of a savings account in a Montana bank on an assignment form prescribed by the board.

Liability under bond until reclamation.

Liability under the bond shall be maintained as long as reclamation is not completed in compliance with the approved reclamation plan unless released prior thereto as hereinafter provided. Liability under the bond may be released only upon written notification from the board. Notification shall be given upon completion of compliance or acceptance by the board of a substitute bond. In no event shall the liability of the permittee or surety exceed the amount of the surety bond required by this section.

Release by board.

Limitation on liability.

Exemption.

A public or governmental agency shall not be required to post a bond under the terms of this chapter.

Blanket bond.

A blanket performance bond covering two (2) or more operations may be accepted by the board in lieu of separate bonds for each separate operation.

Suspension of bond obligation.

If adequate proof exists that a bond is unobtainable for any reason other than lack of fiscal responsibility on the operator's part from any source, the licensee's obligation to supply such bond shall be suspended until such time as a source for bonding is obtained.

Exemption.

Certificate that disturbed land will not exceed 5 acres.

Notwithstanding the foregoing, an applicant for a permit who shall, as part of his application, submit his duly acknowledged certificate that he will not, in the course

HeinOnline -- 1971 vol. II 1038 1971

of his entire operations in the state of Montana, exceed five (5) acres in aggregate of disturbed land unreclaimed, shall not be required to show financial capability to procure a performance bond as required by this section or thereafter to procure a corporate surety bond or make any in lieu deposit with the board therefor. Relief from such surety requirements shall in no wise relieve the permittee from any direct reclamation obligations hereunder. On acceptable showing of hardship on the part of an applicant, the board may relieve any permittee within the classification first described in this paragraph from such technical showings under sections 3 (11) and 8 which the board considers may be waived without injury to the interest of the public.

Hardship waiver.

Section 12. Within thirty (30) days after completion or abandonment of operations on an area under permit or within thirty (30) days after each anniversary date of the permit, whichever is earlier, or at such later date as may be provided by rules and regulations of the board and each year thereafter until reclamation is completed and approved, the permittee shall pay the annual fee of twenty-five dollars ($25) and shall file a report of activities completed during the preceding year on a form prescribed by the board, which report shall:

Notice of deficiencies.

Correction.

Board may grant extensions.

The permittee shall proceed with reclamation as scheduled in his approved reclamation plan. Following written notice by the board noting deficiencies, the permittee shall commence action within thirty (30) days to rectify these deficiencies and shall diligently proceed until the deficiencies are corrected; provided, that deficiencies that also violate other laws that require earlier rectification shall be corrected in accordance with the applicable time provisions of such laws. The board may extend performance periods referred to in this section and in section 9 of this act, for delays clearly beyond the permittee's control, but only when the permittee is, in the opinion of the board, making every reasonable effort to comply.

Notice of proper reclamation.

Release of bond.

Within thirty (30) days after notification by the permittee and when in the judgment of the board reclamation of a unit of disturbed land area is properly completed, the permittee shall be notified in writing and his bond on said area shall be released or decreased proportionately to the acreage included within the bond coverage.

On failure to perform.

Board action.

Bids.

If reclamation of disturbed land is not pursued in accordance with the reclamation plan and the permittee has not commenced action to rectify deficiencies within thirty (30) days after notification by the board, or if reclamation is not properly completed in conformance with the reclamation plan within two (2) years after completion or abandonment of operation on any fraction of the permit area, or such longer period as may have been authorized hereunder, or if, after default by the permittee, the surety either refuses or fails to perform the work to the satisfaction of the board within the time required therefor, the board may, with the staff, equipment and material under its control, or by contract with others, take such actions as are necessary for required reclamation of the disturbed lands. Such work

HeinOnline -- 1971 vol. II 1040 1971

shall be let on the basis of competitive bidding. The board shall keep a record of all necessary expenses incurred in carrying out the work or activity authorized under this section, including a reasonable charge for the services performed by the state's personnel and the state's equipment and materials utilized.

Record of costs.

The board shall notify the permittee and his surety by order. The order shall state the amount of necessary expenses incurred by the board in reclaiming the disturbed land and a notice that the amount is due and payable to the board by the permittee and the surety. If the amount specified in the order is not paid within thirty (30) days after receipt of the notice, the attorney general, upon request of the board, shall bring an action on behalf of the state in district court. The surety shall be liable to the state to the extent of the bond.

Notice to permittee and surety of amount due.

Attorney general shall bring action.

In addition to the other liabilities imposed by this act, failure to commence action to remedy specific deficiencies in reclamation within thirty (30) days after notification by the board or failure to satisfactorily complete reclamation work on any segment of the permit area within two (2) years, or such longer period as the board may permit on permittee's application therefor, or on the board's own motion, after completion or abandonment of operations on any segment of the permit area shall constitute sufficient grounds for cancellation of a permit or license and refusal to issue another permit or licensee to the applicant; provided, however, that such action shall not be effected while an appeal is pending from any ruling requiring the same.

Failure to perform.

Cancellation of permit or license.

Section 14. A permit may be denied for any of the following reasons:

Permits denied for cause.

A denial of a permit shall be in writing and state the reasons therefor.

HeinOnline -- 1971 vol. II 1041 1971

Denial and resubmission.

Section 15. A permit may be denied and returned to the applicant with a request that the application be resubmitted with a different plan for reclamation. The person making application for a permit may then resubmit to the board a new plan for reclamation.

A licensee, permittee or applicant who has been aggrieved by any decision of the board shall have the right of appeal to an appeals board comprised of the following: one (1) member of the fish and game department; two (2) qualified mining engineers to be appointed by the governor, at least one (1) of whom shall not be an employee of the state or any agency or arm thereof; one (1) member from the state department of agriculture; one (1) member of the department of health; and one (1) member from the state department of planning and economic development; and one (1) member from the legal staff of the attorney general.

The petition shall include a concise statement of the facts upon which jurisdiction and venue are based, a statement of the manner in which the petitioner is aggrieved and the ground or grounds upon which the petitioner contends he is entitled to relief. The petition shall demand the relief to which the petitioner believes he is entitled.

HeinOnline -- 1971 vol. II 1042 1971

Transmittal of record.

Within thirty (30) days after the service of the petition, or within further time allowed by the court, the appeals board shall transmit to the reviewing court the original or a certified copy of the entire record of the proceeding under review. By stipulation of all parties to the review proceedings, the record may be shortened. A party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional costs. The court may require or permit subsequent corrections or additions to the record.

Stipulation.

Additional evidence.

If, before the date set for hearing, application is made to the court by the appellant for leave to present additional evidence, and it is shown to the satisfaction of the court that the additional evidence is material and that there were good reasons for failure to present it in the proceeding before the appeals board, the court may order that the additional evidence be taken before the court.

Review by court without jury.

The review shall be conducted by the court without a jury, and shall be confined to the administrative and court record. CHAPTER NO. 307.

An Act to Provide for the Filing of Certain Forms with the Montana Water Resources Board Relative to Ground Water Appropriation; Amending Sections 89-2911 and 89-2913, R.C.M., 1947.

Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. Section 89-2911, R.C.M., 1947, is amended to read as follows: Amending clause.

"Section 89-2911. **Definitions.** As used in this act or regulations issued hereunder: Definitions.

(a) "Ground water" means any fresh water under the surface of the land including the water under the bed of any stream, lake, reservoir, or other body of surface water. Fresh water shall be deemed to be water fit for domestic, livestock or agricultural use. The administrator, after notice and hearing, is authorized to fix definite standards for determining fresh water in any controlled ground water or subarea of the state. "Ground water."

(b) "Aquifer" means any underground geological structure or formation which is capable of yielding water or is capable of recharge. "Aquifer."

(c) "Well" means any artificial opening or excavation in the ground, however made, by which ground water can be obtained or through which it flows under natural pressures or is artificially withdrawn. "Well."

(d) "Beneficial use" means any economically or socially justifiable withdrawal or utilization of water. "Beneficial use."

(e) "Person" means any natural person, association, partnership, corporation, municipality, irrigation district, the state of Montana or any political subdivision or agency thereof, and the United States or agency thereof. "Person."

HeinOnline -- 1971 vol. II 1249 1971

"Administrator." (f) "Administrator" means the *Montana water resources board.*

"Ground water area." (g) "Ground water area" means an area which, as nearly as known facts permit, may be designated so as to enclose a single and distinct body of ground water, which shall be described horizontally by surface description in all cases and which may be limited vertically by describing known geological formations should conditions dictate this to be desirable. For purposes of administration, large ground water areas may be divided into convenient administrative units "known as subareas."

"Notice of appropriation." *(h) "Notice of appropriation" means an optional form on which the appropriator notifies the administrator and files for record the intention to appropriate ground water. This form filed alone does not give the appropriator the right to use ground water. It must be followed by a notice of completion to establish a right.*

"Notice of completion." *(i) "Notice of completion" means a form on which the appropriator notifies the administrator and files for record the completion of a well (notice of completion of ground water appropriation by means of well) or the completion of a development to withdraw ground water without a well as by subirrigation and other natural processes (notice of completion of ground water appropriation without a well).*

"Declaration of vested ground water rights." *(j) "Declaration of vested ground water rights" means a form which was provided, for a period of four (4) years after January 1, 1962, for filing vested ground water rights. This form expired on January 1, 1966."*

Amending clause. Section 2. Section 89-2913, R.C.M., 1947, is amended to read as follows:

Forms for appropriations. "Section 89-2913. **Filing—notice of appropriation—notice of completion.** (a) The administrator shall prepare and publish forms for the filing by appropriators with the county clerks. They shall be known as a "notice of appropriation" and a "notice of completion," respectively.

Requirements—notice of appropriation. The notice of appropriation shall require, and provide space for, answers to such questions as: (1) the name and address of the appropriator; (2) the beneficial use for which the appropriation is made, including a description of the lands to be benefited if for irrigation; (3) the rate of use in gallons per minute of ground water claimed; (4) the annual period (inclusive dates) of in-

HeinOnline -- 1971 vol. II 1250 1971

tended use; (5) the probable or intended date of first beneficial use; (6) the probable or intended date of commencement and completion of the well or wells; (7) the location, type, size and depth of the well or wells contemplated; (8) the probable or estimated depth of the water table or artesian aquifer; (9) the name, address and license number (if any) of the driller engaged; and (10) such other similar information as may be useful in carrying out the policy of this act.

Requirements—notice of completion.

The notice of completion shall require answers to the same sort of questions as required for the notice of appropriation, except that for the most part it shall inquire as to accomplished facts concerning the well or means of withdrawal, including information as to the static level of water in the casing or the shut-in pressure if the well flows naturally; the capacity of the well in gallons per minute by pumping or by natural flow; the approximate draw-down or pumping level of the well; the approximate surface elevation at the well head; the casing record of the well; the drilling log showing the character and thickness of all formations penetrated; the depth to which the well is drilled; and similar information.

Use of ground water other than well.

For the benefit of persons obtaining (or desiring to obtain) ground water without a well (as by subirrigation and other natural processes) a specially prepared "notice of completion" shall be provided, enabling such persons to describe the means of using ground water and to estimate the amount of water so used, and requiring such other similar information as shall be pertinent to this particular class of user. The administrator shall distribute said forms to the county clerks.

Notice of appropriation filed with clerk.

(b) On and after January 1, 1962, any person desiring to appropriate ground water may complete a notice of appropriation and file it with the county clerk of the county in which the appropriation is located.

Distribution of copies.

(c) Upon the filing of a notice of appropriation, the county clerk shall transmit a copy thereof to the administrator, and to the Montana bureau of mines and geology, retaining the original on file locally.

Excavation within 90 days.

(d) After filing a notice of appropriation, in order to acquire a right based thereon, the person must, within ninety (90) days, commence actual excavation and diligently prosecute construction of a well and, upon its completion,

HeinOnline -- 1971 vol. II 1251 1971

Notice of completion filed with clerk.

file a notice of completion with the county clerk of the county in which the appropriation is located. The county clerk shall handle and transmit such filed notices as in the case of a filed notice of appropriation.

Priorities.

(e) A failure to file a notice of appropriation deprives the appropriator of his right to relate his date of appropriation back, and results in the dating of his appropriation as of when he files a notice of completion. Until a notice of completion is filed with respect to any use of ground water instituted after January 1, 1962, no right to that use of water shall be recognized. However, in the case of uses instituted prior to January 1, 1962 and diligently prosecuted to completion on or after that date, the date of appropriation shall relate back to the date of commencement of construction, upon the filing of a notice of completion.

Oil and gas well logs filed—deemed compliance.

(f) Persons required to file well logs and other information under the laws governing the conservation of oil and gas and who do so in compliance therewith, shall be deemed to have complied with all of the filing requirements of this act insofar as it applies to such particular oil and gas wells, salt water disposal wells, and injection wells. The date of appropriation in such cases shall be the date that written notice of intention to drill is given to the oil and gas conservation commission of the state of Montana.

Duty of driller.

(g) It shall be the responsibility of the driller of each well to fill out the notice of completion for the appropriator, and the latter shall be responsible for its filing.

Beneficial use of ground water prior to January 1, 1962.

(h) Persons who had put ground water to a beneficial use, including subirrigation or other natural process, prior to January 1, 1962 had a four (4) year period after January 1, 1962 to file a "declaration of vested ground water rights" in the office of the county clerk of the county in which the claimed right was situated. The right to file a "declaration of vested ground water rights" expired on January 1, 1966; therefore, any person desiring to file on ground water put to beneficial use prior to January 1, 1962, but not filed on by December 31, 1965 may file a "notice of completion." The appropriators right will commence on the date the notice is filed, except as hereinafter provided.

Filing notice of completion.

Distribution of copies.

The county clerk shall transmit copies to the office of the administrator and the bureau of mines and geology.

HeinOnline -- 1971 vol. II 1252 1971

The administrator shall attend to filing copies in any other counties affected by the appropriation.

Prima facie evidence.

The "declaration of vested ground water rights" *as provided for, to be filed on from January 1, 1962 to January 1, 1966* shall be taken and received in all courts of this state as prima facie evidence of the statements therein contained.

Noncompliance—burden of proof.

Failure to comply with this requirement shall in no wise work a forfeiture of such rights, or prevent any such claimant from establishing such rights in the courts, but he must maintain the burden of proving such unrecorded rights.

Water well log forms filed.

Provided, however, that persons who have filed the water well log form, provided for in sections 1 and 2 of chapter 58, session laws of Montana, 1957, shall be deemed to have complied with the requirements of this section. These latter forms may be returned to the county clerks by the administrator for the purpose of correction or for the entry of material facts necessary to fully complete the filing."

Approved March 15, 1971.

CHAPTER NO. 366.

An Act to Provide Compensation for Loss of Hearing Resulting from Exposure to Industrial Noise.

Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. There is enacted a new section in lieu of former section 92-710, R.C.M., 1947, heretofore repealed, to be numbered section 92-710, R.C.M., 1947, the provisions of which shall be administered under the Industrial Accident Board as part of the Workmen's Compensation Act, as follows:

92-710. Regardless of other definitions of injury and time limitations imposed by this act, there shall be compensation awarded for occupational deafness as follows:

Compensation for deafness provided.

HeinOnline -- 1971 vol. II 1371 1971

Definitions—"occupational deafness."

(1) "Occupational deafness" means permanent partial or permanent total loss of hearing of one or both ears due to prolonged exposure to noise in employment.

"Noise."

"Noisy employment."

"Noise" means sound capable of producing occupational deafness. "Noisy employment" means employment in the performance of which an employee is subjected to noise.

Losses of hearing—frequencies.

(A) Losses of hearing due to industrial noise for compensation purposes shall be confined to the frequencies of 500, 1000, and 2000 cycles per second. Loss of hearing ability for frequency tones above 2000 cycles per second is not to be considered as constituting disability for hearing.

Calculation—percent of hearing loss.

(B) The percent of hearing loss, for purposes of the determination of compensation claims for occupational deafness, shall be calculated as the average, in decibels, of the thresholds of hearing for the frequencies of 500,

Measurement.

1000 and 2000 cycles per second. Pure tone air conduction audiometric instruments, approved by nationally recognized authorities in this field, shall be used for measuring

Determination for compensation.

hearing loss. If the losses of hearing average 26 decibels or less in the three frequencies, as measured under ISO Standard 1964, such losses of hearing shall not then constitute any compensable hearing disability. If the losses of hearing average 94 decibels or more in the three frequencies, as measured under ISO Standard 1964, then the same shall constitute and be total or 100 per cent compensable hearing loss.

Determination of hearing impairment.

(C) In measuring hearing impairment the lowest measured losses in each of the three frequencies shall be added together and divided by three to determine the average decibel loss. For every decibel of loss exceeding 24 decibels an allowance of one and one-half percent (1½%) shall be made up to the maximum of one hundred percent (100%), which is reached at 94 decibels.

Binaural percentage of loss.

(D) In determining the binaural percentage of loss, the percentage of impairment in the better ear shall be multiplied by five (5). The resulting figure shall be added to the percentage of impairment in the poorer ear and the sum of the two divided by six (6). The final percentage shall be representative of the binaural hearing impairment.

Deductions.

(E) Before determining the percentage of hearing impairment, in order to allow for the average amount

HeinOnline -- 1971 vol. II 1372 1971

of hearing loss from non-occupational causes found in the population at any given age, there shall be deducted from the total average decibel loss, one-half decibel for each year of the employee's age over forty at the time of last exposure to industrial noise.

Exclusion—hearing aid.

(F) No consideration shall be given to the question of whether or not the ability of an employee to understand speech is improved by the use of a hearing aid.

No benefits for temporary loss.

(2) No benefits shall be payable for temporary total or temporary partial disability under this act for loss of hearing due to prolonged exposure to noise.

Compensation—wage loss.

(3) An employee who because of occupational deafness is transferred by his employer to other employment and thereby sustains actual wage loss, shall be compensated at the rate provided in section 92-703, Revised Codes of Montana, 1947, as amended, not exceeding three thousand five hundred dollars ($3,500) in the aggregate from all employers. "Time of injury", "incurred such injury", "date of injury" in such case shall be the date of wage loss.

Rates of compensation.

(4) Subject to the limitations herein contained, there shall be payable for total occupational deafness of one ear, forty (40) weeks of compensation; for total occupational deafness of both ears, two hundred (200) weeks of compensation; and for partial occupational deafness, compensation shall bear such relation to that named herein as disabilities bear to the maximum disabilities herein provided.

Date of occurrence defined.

In cases covered by this subsection, "time of injury", "incurred such injury" or "date of injury" shall be exclusively the date of occurrence of any of the following events to an employee:

(a) Transfer because of occupational deafness to non-noisy employment by an employer whose employment has caused occupational deafness;

(b) Retirement;

(c) Termination of the employer-employee relationship;

(d) Layoff, provided the layoff is complete and continuous for one year;

HeinOnline -- 1971 vol. II 1373 1971

Six months limitations—filing.

(e) No claim under this subsection shall be filed, however, until six (6) consecutive months of removal from noisy employment after the time of injury except that under subparagraph (d), such six (6) consecutive months period may commence within the last six (6) months of layoff.

Limitation provisions.

(5) The limitation provisions in this act shall control claims arising under this subsection. Such provisions shall run from the first date upon which claim may be filed, or from the date of subsequent death, provided that no claim shall accrue to any dependent unless an award has been issued or liability admitted.

Claimant must have worked ninety days.

(6) No payment shall be made to an employee under this section unless he shall have worked in noisy employment for a total period of at least ninety (90) days for the employer from whom he claims compensation.

Credit of payments.

(7) Any amount paid to an employee under this section by an employer shall be credited against compensation payable by any employer to such employee for occupational deafness under subsections (3) and (4). No employee shall in the aggregate receive greater compensation from any or all employers for occupational deafness than that provided in this section for total occupational deafness.

Occupational deafness distinguished.

(8) Occupational deafness as herein provided is distinguished from traumatic loss of hearing which is governed by the specific loss schedule hereinabove.

Liability of employer.

(9) An employer shall become liable for the entire occupational deafness to which his employment has contributed; but if previous deafness is established by hearing test or other competent evidence, whether or not the employee was exposed to noise within the six (6) months preceding such test, he shall not be liable for previous loss so established nor shall he be liable for any loss for which compensation has previously been paid or awarded.

Exposure.

(10) No claim shall be filed, however, unless the employee is exposed eight (8) hours daily and for a period of at least ninety (90) days as above required to noise intensity levels above 100 decibels.

Effective January 1, 1972.

(11) This act shall become effective January 1, 1972.

Approved March 15, 1971.

An Act Relating to Management and Regulation of the Floodways of Watercourses as Prescribed; to Define Terms; to Provide for Certain Duties and Powers of the Montana Water Resources Board as Prescribed; to Provide for a Floodway Obstruction Removal Fund; to Declare Certain Acts Unlawful; and to Provide for Penalties.

Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. The people of the state of Montana find that recurrent flooding of a portion of the state's land resources causes loss of life, damage to property, disruption of commerce and governmental services, and unsanitary conditions; all of which are detrimental to the health, safety, welfare and property of the occupants of flooded lands and the people of this state, and that the public interest necessitates management and regulation of flood-prone lands and waters in a manner consistent with sound land and water use management practices which will prevent and alleviate flooding threats to life and health, and reduce private and public economic losses. Recurrent flooding —regulation necessary for public good.

HeinOnline -- 1971 vol. II 1413 1971

Policy and purposes.

Section 2. The policy and purposes of this act are to guide development of the floodway areas of this state consistent with the enumerated findings; to recognize the right and need of watercourses to periodically carry more than the normal flow of water; to provide state coordination and technical assistance to local units in management of floodway areas; to coordinate federal, state and local management activities for floodway areas; to encourage local governmental units to manage flood-prone lands including the adoption, enforcement and administration of land use regulations and to provide the Montana water resources board with authority necessary to carry out a comprehensive floodway management program for the state.

(1) restrict or prohibit uses which are dangerous to health, safety of property in times of flood or cause increased flood heights or velocities;

Flood protection.

(2) require that uses vulnerable to floods, including public facilities which serve such uses, be provided with flood protection at the time of initial construction;

Land information.

(3) develop and provide information to identify lands which are unsuited for certain development purposes because of flood hazard.

Definitions.

Section 3. As used in this act, unless the context otherwise requires:

(14) "Owner" shall mean any person who has dominion over, control of, or title to an obstruction; "Owner."

(15) "Political subdivision" shall mean any incorporated city or town or any county organized and having authority to adopt and enforce land-use regulations; and "Political subdivision."

Duties of board—comprehensive program.

Section 4. (1) The board shall initiate a comprehensive program for the delineation of designated floodways for every major water course and drainway in the state.

Study to acquire flood data. Arrangements with other agencies.

It shall make a study relating to the acquiring of flood data, and have authority to enter into arrangements with the United States geological survey, the United States army corps of engineer or any other state or federal agency for such acquisition.

(2) When sufficient data have been acquired to reasonably locate the floodway of a flood of fifty-year frequency, the board shall establish, by order, after a public hearing, floodway-encroachment lines for such a floodway within which a political subdivision may establish land-use regulation.

Data and maps—standards.

The board shall furnish such data to officials of the political subdivision having jurisdiction over such areas together with a map outlining the areas involved, a copy of this act, adopted rules and regulations of the board, and suggested minimum standards. These standards, rules and regulations shall reflect gradations in flood hazard based on flood frequency and other criteria as outlined in subsection (2) of section 7 of this act.

Location.

The location of the encroachment lines shall be the estimated outer boundary of the floodway of fifty-year frequency flood, as determined from the available data.

Recording with county clerk.

The board shall record all floodway-encroachment lines established by it in the office of the county clerk and recorder of each county in which such lines are found.

Alteration after hearing.

The board shall have the power to alter such lines at any later time, by order, after a public hearing if a reevaluation of the then available flood data warrants it.

Publication of notice.

Notice of any such hearing or order of the board establishing or altering any such line shall be given by publishing such notice once each week for three consecutive weeks in a legal newspaper published or of general circulation in the area involved, the last publication of which shall be not less than ten (10) days prior to the date set for the hearing or the effective date of such order.

On failure to adopt land-use regulations.

(3) If within one (1) year from the date of transmittal of the flood plain information to officials of the political subdivisions, any political subdivision has failed to adopt land-use regulations which meet or exceed the minimum standards of the board, the designated floodway shall be enforced and no artificial obstruction or nonconforming use shall be established by any person within the floodway-encroachment lines for such a fifty-year flood as established by the board under subsection (2) of this section, unless specifically authorized by the board.

Enforcement.

Public nuisance.

Section 5. Any artificial obstruction or nonconforming use in any designated floodway enforced under subsection (3) of section 4 of this act and not exempt under section 6 of this act is hereby declared to be a public nuisance unless a permit has been obtained for such artificial obstruction or nonconforming use from the board.

Permit required—artificial obstruction—noncomforming use.

Section 6. (1) It shall be unlawful for a person to establish any artificial obstruction or nonconforming use within a designated floodway, or (2) for any owner to permit any artificial obstruction to remain within a designated floodway without a permit from the board. This act shall not affect any existing artificial obstruction or nonconforming use established in the floodway prior to the effective date of this act and before the board has enforced a designated floodway under subsection (3) of section 4 of this act; provided, that no person shall make nor shall any owner allow alterations of any artificial obstruction within a designated floodway whether the obstruction proposed for alteration was located in the floodway before or after the effective date of this act except upon express written approval of the board. Maintenance of an obstruction shall not be construed to be an alteration.

Alteration.

Approval.

The manufacture, sale, exchange, purveying, transportation, possession, or offering for sale or exchange or purveyance of filled dairy products lends itself to substitution, confusion, deception, and fraud, and one which if permitted to exist tends to interfere with the orderly and fair marketing of foods essential to the well-being of the people of this state. Violations of the provisions of this section shall constitute a misdemeanor, and shall subject the offender, upon conviction, to a fine of not less than fifty dollars ($50) and not more than five hundred dollars ($500) or to imprisonment in the county jail for not less than thirty (30) days nor more than six (6) months, or to both such fine and imprisonment.

False designation of pasteurization unlawful.

Section 41. It shall be unlawful for any person to sell, offer for sale or exchange, or to have in possession for such purpose, any milk, cream, or manufactured dairy product, in any container or package, marked, labeled, or in any way designating the contents thereof as "pasteurized", unless the same has been treated by an approved process of pasteurization, as is required by the commissioner.

Nothing in this act shall be deemed to repeal or abrogate the authority of or the issuance of licenses by the state livestock sanitary board or the state department of health.

Provided, however, that requirements for a license from the state department of agriculture shall not apply where such license duplicates one issued by the state livestock sanitary board.

Monopoly statutes made applicable.

The report shall also contain the public utility's recommendations concerning the feasibility of the project for the district proposed insofar as the physical characteristics of the district are concerned. The report shall make recommendations by the public utility concerning inclusion or exclusion of areas within the district or immediately adjacent to the district. The governing body shall give careful consideration to the public utility's recommendations concerning feasibility, recognizing their expertise in this area, and may amend the boundaries of the proposed improvement district, provided that the costs and feasibility report of the public utility contains a cost figure on the district as amended, or it may request a new cost and feasibility report from the public utility concerned on the basis of the amended district. Should a delay result in a significant increase of the estimated conversion costs, new hearings shall be held on the creation of the district. The resolution shall state that the costs and expenses of the district created are, except as otherwise provided for, to be levied and assessed upon the abutting, adjoining, and adjacent lots and land along or upon which improvements are to be made, and upon lots and lands benefited by such improvements and included in the special improvement district created; that it is the intention of the governing body to make such improvement which will promote pub-

Section 9. **Contents of notice of resolution and hearing on protests.** Following the passage of the resolution in section 8, the governing body shall cause notice of the resolution and a hearing on any protests to the proposed improvement to be given in the manner provided in section 10. Such notice shall: (1) Declare that the governing body has passed a resolution of intention to create a special improvement district. (2) Describe the boundaries or area of the district with sufficient particularity to permit each owner of real property therein to ascertain that his property lies in the district. (3) Describe in a general way the proposed improvement, specifying the streets or property along which it will be made and the nature of the benefits to the property within the district. (4) State the estimated cost as determined from the cost and feasibility report, and the estimated cost of engineering, clerical service, easements, advertising, inspection, collection of assessments, interest upon bonds, and legal services for preparing proceedings and advising in regard thereto, if applicable. (5) State that it is proposed to assess the real property in the district to pay all of the cost of the improvement according to the square footage of and the benefits to be derived by each tract, block, lot and parcel of land within the district. (6) State the time and place at which the governing body will hear and pass upon all protests that may be made against the making of such improvements, or the creation of such district or the benefits to be derived by the real property in the district. (7) State that all property owners liable to be assessed for such work and desiring to make a protest may submit, in writing, such protest to the governing body by a specified date not less than fifteen (15) days from the first day of publication of such notice.

Notice of resolution and hearing.

Requirements.

Section 10. **Notice of public hearing on proposed improvement.** Notice shall be published in full five (5) times in a daily newspaper or once in a weekly newspaper of general circulation in the county, city or town in which

said district is located. A copy of such notice shall be mailed by the governing body to each owner of land within the proposed district whose property will be assessed for the cost of the improvement. The address to be used for said purpose shall be that last appearing on the real property assessment rolls of the county wherein said property is located. Mailed notices and the published notice shall state where a copy of the resolution will be available for inspection by any interested parties.

Owners may file written protest.

Section 11. **Protests against proposed work and areas to be included in the district.** At any time within the time specified in the notice, any owner of property liable to be assessed for said work may make written protest against the making of such improvements, or the creation of such district or the benefits to be derived by the real property in the district. Protests in writing must be delivered to the clerk of the governing body not later than 5:00 p.m., of the last day within said period, and said clerk shall endorse thereon the date and hour of its receipt by him.

Hearings.

Adjournment.

New report.

Section 12. **Public hearing on creation of special improvement district.** At the time and place specified in the notice, the governing body shall meet and shall proceed to hear and pass upon all protests. Such hearing may be adjourned from time to time to a fixed future time and place. If at any time during the hearings it shall appear to the governing body that changes in the proposed improvements or the proposed district should be made which, after consultation with the public utility concerned, appear to affect either the cost or feasibility of the improvement, the hearing shall be adjourned to a fixed future time and place and a new cost and feasibility report prepared on the basis of the contemplated changes. If additional areas are added, notice and an opportunity to protest shall again be given on the basis of such changes.

Protest by more than 40%—abandonment.

If the protests against the making of the improvement are received from more than forty percent (40%) of the property owners owning more than forty percent (40%) of the property in the proposed special improvement district, the district and project shall be abandoned. The same or any substantially similar special improvement district may not be renewed at any time within one (1) year. In determining whether or not sufficient protests

HeinOnline -- 1971 vol. II 1602 1971

have been filed to prevent further proceedings, property owned by a county, city or town shall be considered to the same effect as other property in the district.

The governing body shall, after considering matters brought forth at the hearing, either abandon the district and project or adopt an ordinance establishing the district and authorizing the project. Such ordinance shall be published in the manner provided in section 10, but need not be mailed. If an ordinance be adopted establishing the district, such ordinance shall finally and conclusively establish the regular organization of the district against all persons, unless an action attacking the validity of the organization shall be commenced in a court of competent jurisdiction within thirty (30) days after the adoption of such ordinance. Such action shall be subject to the provisions of section 13. Thereafter, any such action shall be perpetually barred and the organization of said district shall not be directly or collaterally questioned in any suit, action or proceedings.

Adoption of ordinance.

Action commenced within 30 days.

Section 13. **Waiver of objections.** Every person who has real property within the boundaries of the district and who fails to submit a written protest in accordance with section 11, or appear and give testimony at the public hearing, shall be deemed to have waived any objections to the creation of the district, the making of the improvements and the inclusion of his property within the district. Such waiver shall not, however, preclude his right to object to the amount of the assessment at the hearing for which provision is made in section 17.

Waiver—nonprotesting owners.

Limitation.

Section 14. **Proposed assessment list.** Following creation of the special improvement district, the governing body shall cause to be prepared an assessment list detailing the total amount to be assessed, the specific properties assessed, and the amount of assessment on each piece of property.

Assessment list.

Section 15. **Proposed assessment ordinance.** After the preparation of the proposed assessment list, the governing body shall cause to be prepared for adoption at the hearing hereinafter provided for, an ordinance declaring the entire cost of the improvement, including the cost of construction as determined from section 26, and all legal and fiscal fees and costs, the cost of the publication of notices and all other costs properly incident to the

Ordinance declaring entire cost.

construction of the improvement and the financing thereof. Such ordinance shall specify what share, if any, of the total cost is payable from sources other than the imposition of assessments and shall incorporate the proposed assessment list provided for in section 14. Such ordinance shall specify the terms of installment payments, if said improvement is to be financed over a period of time.

Notice of hearing on assessments.

Section 16. **Notice of public hearing on proposed assessments.** After the preparation of the aforesaid ordinance, notice of a public hearing on the proposed assessments shall be given. Such notice shall be published one (1) time in a newspaper in which the first notice of hearing was published at least twenty (20) days before the date fixed for the hearing and shall be mailed by the governing body not less than fifteen (15) days prior to the date fixed for such hearing to each owner of real property whose property will be assessed for part of the cost of the improvement at the addresses appearing on the last completed real property assessment rolls of the county wherein said affected property is located.

Notice shall specify public hearing.

1. Each notice shall state that at the specified time and place, the governing body will hold a public hearing upon the proposed assessments and shall state that any owner of any property to be assessed pursuant to the ordinance will be heard on the question of whether his property will be benefited by the proposed improvement to the amount of the proposed assessment against his property and whether the amount assessed against his property constitutes more than his proper proportional share of the total cost of the improvement.

Public inspection of proposed ordinance.

2. The notice shall further state where a copy of the ordinance proposed to be adopted levying the assessments against all real property in the district will be on file for public inspection, and that, subject to such changes and corrections therein as may be made by the governing body, it is proposed to adopt the ordinance at the conclusion of the hearing.

Description of boundaries.

3. The published notice shall describe the boundaries or area of the district with sufficient particularity to permit each owner of real property therein to ascertain that his property lies in the district. The mailed notice may refer to the district by name and date of creation and

HeinOnline -- 1971 vol. II 1604 1971

shall state the amount of the assessment proposed to be levied against the real property of the person to whom the notice is mailed and the terms of installment financing, if any. In the absence of fraud, the failure to mail any notice does not invalidate any assessment or any proceeding under this chapter.

Public hearing.

Section 17. **Public hearing on proposed assessment ordinance.** On the date and at the time and place specified in the aforementioned notice, the governing body shall, in open and public session, hear all arguments relating to the benefits accruing to any tract, block, lot or parcel of land therein and the amounts proposed to be assessed against any such tract, block, lot or parcel. The hearing may be adjourned from time to time to a fixed future time and place. After the hearing has been concluded and all persons desiring to be heard have been heard, the governing body shall consider the arguments presented and shall make such corrections in the assessment list as may be considered just and equitable. Such corrections may eliminate, may increase, or may decrease the amount of the assessment proposed to be levied against any piece of property. However, no increase of any proposed assessment shall be valid unless the owner of the property is given notice and an opportunity to be heard. After such corrections have been made, the governing body shall make a specific finding that no proposed assessment on the corrected assessment list exceeds the benefit to be derived from the improvement by the piece of property to be so assessed and that no piece of property so listed will bear more than its proper proportionate share of the cost of such improvement.

Adjournment.

Corrections.

Notice.

Findings.

Adoption of assessment ordinance.

Section 18. **Adoption of the assessment ordinance.** After the public hearing has been concluded and all corrections made to the assessment list, the governing body shall proceed to adopt the assessment ordinance. The adoption of such ordinance shall be prima facie evidence of the fact that the property assessed is benefited in the amount of the assessments, and that such assessments have been lawfully levied.

Payment of assessments.

Section 19. **Payment of assessment.** All assessments shall be due and payable within thirty (30) days after the final publication of the assessing ordinance without demand; provided, that all such assessments may be paid,

HeinOnline -- 1971 vol. II 1605 1971

at the election of the owner, in installments, with interest, as provided in section 20.

Installment payments.

Section 20. **Installment payments.** Failure to pay the whole assessment within said period of thirty (30) days shall be conclusively considered and held to be an election on the part or all persons interested, whether under disability or otherwise, to pay in installments. In case of such election, the assessment shall be payable at such times as is provided by the governing body, not to exceed twenty (20) years, and shall bear interest in all cases on the unpaid principal at the rate not exceeding eight percent (8%) per annum. The number of installments, the time of payments, and the rate of interest shall be determined by the governing body and set forth in the assessing ordinance.

Not to exceed 20 years.

8% interest.

Collections.

Section 21. **Collection of installments—failure to pay installments.** Installments shall be collected in the manner and at the time prescribed. When one (1) payment becomes delinquent, all payments shall, at the option of the governing body by appropriate resolutions duly adopted, become delinquent. Delinquent installments shall be subject to the same interest and penalties as are now or hereafter provided for delinquent taxes by the laws of the state of Montana, and property subject to delinquent installments shall be sold as other property is sold for taxes.

Interest and penalties.

Assessment constitutes lien on land.

Section 22. **Assessment lien.** All assessments made in pursuance of this chapter, together with all interest thereon and penalties for default in payment thereof, and all costs in collecting the same, shall constitute, from the date of the final publication of the assessing ordinance, a lien in the several amounts assessed against each lot or tract of land, and shall have priority over all other liens excepting general tax liens. No sale of property for the nonpayment of taxes or other special assessments shall extinguish the lien of other than the taxes or special assessments for the nonpayment of which such sale is had.

Priority.

Ordinance may provide for advance payments.

Section 23. **Advance payment of assessment installments.** The governing body may, in the ordinance levying the assessments, provide that all unpaid installments of assessments levied against any piece of property may (but only in their entirety) be paid prior to the dates on which they become due, if the property owner paying

HeinOnline -- 1971 vol. II 1606 1971

such installments pays all interest which would accrue thereon to the next succeeding date on which interest is payable on the bonds issued in anticipation of the collection of the assessments. In addition, the property owner must pay such additional amount of interest as in the opinion of the governing body is necessary to assure the availability of money fully sufficient to pay interest on the bonds as interest becomes due, and any redemption premiums which may become payable on the bonds in order to retire, in advance of maturity, bonds in a sufficient amount to utilize the assessments thus paid in advance. If no bonds have been issued, then all unpaid installments of assessments levied against any piece of property may be paid in their entirety prior to the date upon which they become due by paying the principal amount due and the interest accrued thereon to the date of payment.

Governing body may issue bonds.

Section 24. **Issuance of bonds.** After the expiration of thirty (30) days from the date of the adoption of the ordinance levying the assessments, the governing body may issue negotiable interest-bearing bonds in a principal amount not exceeding the unpaid balance of the assessments levied. The bonds shall bear interest at not exceeding eight percent (8%) per annum, payable as specified by the governing body over a period not exceeding twenty (20) years. The bonds shall be of such form and denomination and shall be payable in principal and interest at such times and place, and shall be sold, authorized and issued in such manner as the governing body may determine. The bonds shall be dated no earlier than the date on which the special assessment shall begin to bear interest, and shall be secured by and payable from the levy and collection of the special assessments in anticipation of the collection of which they are issued. Any premium received on the sale of the bonds may be applied as other bond proceeds, or if not so applied, the same shall be placed in the fund for the payment of principal of and interest on the bonds.

and signed by a facsimile signature of one of the individuals who signed the bond.

Validity.

Section 25. No special assessment levied under this chapter shall be declared void, nor shall any such assessment or part thereof be set aside in consequence of any error or irregularity permitted or appearing in any of the proceedings under this chapter, but any party feeling aggrieved by any such special assessment or proceeding may bring a civil action to cause such grievance to be adjudicated if such action is commenced prior to the expiration of the period specified in this section. The burden of proof to show that such special assessment or part thereof is invalid, inequitable or unjust shall rest upon the party who brings such suit. Every person whose property is subject to such special assessment and who fails to appear during the public hearings on said assessments to raise his objection to such tax shall be deemed to have waived all objections to such levy except the objection that the governing body lacks jurisdiction to levy such tax.

30 day period—taxpayer may file suit.

For a period of thirty (30) days after the governing body has adopted the assessment ordinance, any taxpayer in the district shall have the right to institute litigation for the purpose of questioning or attacking the proceedings pursuant to which the assessments have been authorized. Whenever any ordinance authorizing the issuance of any bonds pursuant to the improvement contemplated shall have been adopted, such ordinance shall be published once in a newspaper in which the original notice of hearing was published. For a period of thirty (30) days thereafter, any person whose property shall have been assessed and any taxpayer in the district shall have the right to institute litigation for the purpose of questioning or attacking the legality of such bonds. After the expiration of such thirty (30) day period, all proceedings theretofore had by the governing body, the bonds to be issued pursuant thereto, and the special assessments from which such bonds are to be paid, shall become incontestable, and no suit attacking or questioning the legality thereof may be instituted in this state, and no court shall have the authority to inquire into such matters.

amounts sufficient to repay them for the following, as computed and reflected by the uniform system of accounts approved by the Montana public service commission, federal communications commission, or federal power commission, or in the event the public utility is not subject to regulation by any of the above governmental agencies, by the public utility's system of accounts then in use and in accordance with standard accounting procedures of said public utility.

Original costs less depreciation.

1. The original costs less depreciation taken of the existing overhead electric and communication facilities to be removed.

Costs of removal.

2. The estimated costs of removing such overhead electric and communication facilities, less the salvage value of the facilities removed.

Construction of underground facilities.

3. If the estimated cost of constructing new underground facilities exceeds the estimated cost of constructing new aerial facilities, then the cost difference between the two.

Costs of easements.

4. The cost of obtaining new easements when technical considerations make it reasonably necessary to utilize easements for the underground facilities different from those used for above ground facilities, or where the preexisting easements are insufficient for the underground facilities.

Section 27. **Maintenance, construction and title to converted facilities.** The public utility shall have the duty to maintain, repair, and replace all underground facilities installed pursuant to this act. There shall be no competitive bidding as to the construction of the converted facilities since existing facilities are owned, maintained, and operated by the public utility and the continuity of service of the utility is essential, both of which make construction work by third persons impracticable. Therefore, the public utility concerned shall be responsible for the accomplishment of all construction work and may contract out such of the construction work as it deems desirable. Title to the converted facilities shall be at all times solely and exclusively in the public utility involved, as the public is only purchasing the intangible benefits which come from converted facilities; that is, the removal of the overhead facilities and replacement by underground facilities.

Section 28. Upon completion of the conversion of the overhead electric or communication facilities on public lands and right of way to underground, the public utility shall file a verified statement of the costs of such conversion with the governing body. 3. After the sixty (60) day period following the date of the mailing of the notice, the governing body will order the public utility to disconnect and remove all overhead electric and communication facilities providing service to any structure or improvement within the area.

Conversion at landowner's expense.

Section 29. 1. Any conversion of electric or communication service facilities, including service connections, located on a privately owned lot or parcel shall be made at the expense of the landowner by the public utility owning the facility. The conversion shall be made in accordance with applicable safety rules, codes, regulations, tariffs or ordinances. The public utility shall not be required to convert service lines on property, other than public lands and right of way, until the landowner furnishes to the public utility a permit or easement authorizing the public utility and its employees, agents and contractors to enter upon real property of the landowner for the purpose of performing conversion work thereon.

2. Promptly thereafter, the governing body shall mail to each landowner a copy of such verified statement, which shall be due and payable within thirty (30) days or as otherwise provided by the public utility.

Notice to landowner.

HeinOnline -- 1971 vol. II 1610 1971

On failure of landowner— governing body may order conversion.

Section 30. If the owner of any structure or improvement served from the overhead electric or communication service facilities within an underground assessment district does not grant the utility a permit or easement referred to in section 29 of this chapter, or if such an owner fails to convert to underground service facilities within sixty (60) days after the mailing to him of the notice provided by section 28 of this chapter, the governing body shall order the public utility to complete the conversion and to disconnect and remove all overhead facilities, including service facilities, providing service to such structure or improvement.

Section 31. **Payment of public utility.** Upon completion of the conversion contemplated by this chapter, the public utility shall present the governing body with its verified bill for conversion costs as computed pursuant to section 26, but based upon the actual cost of constructing the underground facility rather than the estimated cost of the facility. In the event the conversion costs are less than the estimated conversion costs, each assessed owner within the improvement district shall receive the benefit, prorated in such form and at such time or times as the governing body may determine. The bill of the public utility shall be paid within thirty (30) days by the governing body from the improvement district funds or such other source as is properly designated by the governing body. In determining the actual cost of constructing the underground facility, the public utility shall use its standard accounting procedures, such as the uniform system of accounts as defined by the federal communications commission, federal power commission, or Montana public service commission, and as is in use at the time of the conversion by the public utility involved.

Severability clause.

Section 34. **Invalidity of one provision not to affect others — exception.** If any section or provision of this chapter be adjudged unconstitutional or invalid for any reason, such adjudication shall not affect the validity of this chapter as a whole, or of any section or provision hereof, which is not specifically so adjudicated unconstitutional or invalid; provided, however, if any section or provision of this chapter concerning the payment to the public utility shall be adjudged unconstitutional or invalid for any reason in such a way that the payment to the public utility or the creation of the funds for that purpose is adjudged to be invalid or unconstitutional, then such invalidity or unconstitutionality shall invalidate this chapter in its entirety and to this end and in this event the provisions of this chapter are declared to be nonseverable.

Exception.

Abatement of construction.

Section 35. **Abatement of construction.** If a special improvement district is established pursuant to this chapter, the public utility involved shall not be required to commence conversion until the ordinance, the assessment roll and issuance of bonds have become final and no civil action has been filed or if civil action has been filed, until the decision of the court upon the action has become final and is not subject to further appeal.

Such petition shall set forth:

Name.

(1) The proposed name of said district;

Need.

(2) That there is need, in the interest of the public health, safety, and welfare, for a conservation district to function in the territory described in the petition;

Description of territory.

(3) A description of the territory proposed to be organized as a district, which description shall not be required to be given by metes and bounds or by legal subdivisions, but shall be deemed sufficient if generally accurate;

Boundaries.

Referendum.

(4) A request that the state conservation *commission* duly define the boundaries for such district; that a referendum be held within the territory so defined on the question of the creation of a conservation district in such territory; and that the *commission* determine that such a district be created.

HeinOnline -- 1971 vol. II 1624 1971

Where more than one petition is filed covering parts of the same territory, the state conservation *commission* may consolidate all or any part of such petitions. Consolidation.

B. Within thirty (30) days after such a petition has been filed with the state conservation *commission,* it shall cause due notice to be given of a proposed hearing upon the question of the desirability and necessity, in the interest of the public health, safety, and welfare, of the creation of such district, upon the question of the appropriate boundaries to be assigned to such district, upon the propriety of the petition and other proceedings taken under this act, and upon all questions relevant to such inquiries. All *qualified electors* within the limits of the territory described in the petition, and of lands within any territory considered for addition to such described territory, and all other interested parties, shall have the right to attend such hearings and to be heard. If it shall appear upon the hearing that it may be desirable to include within the proposed district territory outside of the area within which due notice of the hearing has been given, the hearing shall be adjourned and due notice of further hearing shall be given throughout the entire area considered for inclusion in the district, and such further hearing held. After such hearing, if the *commission* shall determine, upon the facts presented at such hearing and upon such other relevant facts and information as may be available, that there is need, in the interest of the public health, safety and welfare, for a conservation district to function in the territory considered at the hearing, it shall make and record such determination, and shall define, by metes and bounds or by legal subdivisions, the boundaries of such district. In making such determinations and in defining such boundaries, the *commission* shall give due weight and consideration to the topography of the area considered and of the state, the composition of soils therein, the distribution of erosion, the prevailing land-use practices, the desirability and necessity of including within the boundaries the particular lands under consideration and the benefits such lands may receive from being included within such boundaries, the relation of the proposed area to existing watersheds and agricultural regions, and to other conservation districts already organized or proposed for organization under the provisions of this act, and such other physical, geographical, and economic factors as are relevant, having due regard to the

legislative determination set forth in section 76-102. The territory to be included within such boundaries need not be contiguous. If the *commission* shall determine after such hearing, after due consideration of the said relevant facts, that there is no need for a conservation district to function in the territory considered at the hearing, it shall make and record such determination and shall deny the petition. After six (6) months shall have expired from the date of the denial of any such petition, subsequent petitions covering the same or substantially the same territory may be filed as aforesaid and new hearing held and determinations made thereon.

Subsequent petitions after six months.

C. After the *commission* has made and recorded a determination that there is need, in the interest of the public health, safety, and welfare, for the organization of a district in a particular territory and has defined the boundaries thereof, it shall consider the question whether the operation of a district within such boundaries with the powers conferred upon conservation districts in this act is administratively practicable and feasible. To assist the *commission* in the determination of such administrative practicability and feasibility, it shall be the duty of the *commission,* within a reasonable time after entry of the finding that there is need for the organization of the proposed district and the determination of the boundaries thereof, to hold a referendum within the proposed district upon the proposition of the creation of the district, and to cause due notice of such referendum to be given. The question shall be submitted by ballots upon which the words "For creation of a conservation district of the lands below described and lying in the county(ies) of ....., ..., and ....." and "Against creation of a conservation district of the lands below described and lying in the county(ies) of ..... and ....." shall appear, with a square before each proposition and a direction to insert an "X" mark in the square before one or the other of said propositions as the voter may favor or oppose creation of such district. The ballot shall set forth the boundaries of such proposed district as determined by the *commission.* All *qualified electors* within the boundaries of the territory, as determined by the state conservation *commission,* shall be eligible to vote in such referendum.

E. The *commission* shall publish the result of such referendum and shall thereafter consider and determine whether the operation of the district within the defined boundaries is administratively practicable and feasible. If the *commission* shall determine that the operation of such district is not administratively practicable and feasible, it shall record such determination and deny the petition. If the *commission* shall determine that the operation of such district is administratively practicable and feasible, it shall record such determination and shall proceed with the organization of the district in the manner hereinafter provided. In making such determination the *commission* shall give due regard and weight to the attitudes of the *qualified electors* within the defined boundaries, the number of *qualified electors* eligible to vote in such referendum who shall have voted, the proportion of the votes cast in such referendum in favor of the creation of the district to the total number of votes cast, the approximate wealth and income of the *qualified electors* of the proposed district, the probable expense of carrying on erosion-control operations within such district, and such other economic and social factors as may be relevant to such determination, having due regard to the legislative determinations set forth in section 76-102; provided, however, that the *commission* shall not have authority to determine that the operation of the proposed district within the defined boundaries is administratively practicable and feasible unless *a majority* of the votes cast in the referendum upon the proposition of creation of the district shall have been cast in favor of the creation of such district.

If the secretary of state shall find that the name proposed for the district is identical with that of any other conservation district of this state, or so nearly similar as to lead to confusion and uncertainty, he shall certify such fact to the state conservation *commission,* which shall thereupon submit to the secretary of state a new name for the said district, which shall not be subject to such defects. HOUSE JOINT RESOLUTION NO. 45

A Joint Resolution of the Senate and House of Representatives of the State of Montana Requesting the Montana Agricultural Stabilization and Conservation Service State Committee to Effect Immediate Major Adjustments in Montana's Conserving Base Acres to Give Montana's Grain Producers an Equitable Basis With Other Competing Wheat-Growing States Under the Federal Farm Program.

WHEREAS, Montana's economy is dependent to a large extent upon the production and sale of agricultural products, particularly wheat and other small grains; and

WHEREAS, Montana grain growers presently are restricted to planting only forty-seven and four tenths percent (47.4%) of their total available cropland, while the competing states of Kansas, North and South Dakota, Oklahoma, Nebraska, Texas, Idaho, Colorado and Minnesota are allowed to plant an average of seventy-four and five tenths percent (74.5%) of their total cropland under the same federal farm program; and

WHEREAS, this has been a continuing inequity that has seen conserving base (non-planted) acres reduced in these other nine wheat states in the last five years by an average of twenty-five and five tenths percent (25.5%), while Montana's conserving base acreage was reduced only eleven and four tenths percent (11.4%); and

WHEREAS, recent economic studies by the Montana Agricultural Experiment Station in cooperation with the Economic Research Service of the United States Department of Agriculture on the costs and returns of Montana dryland wheat production show an average net farm income of twenty-eight dollars and ninety-five cents ($28.95) for each acre of production; and

WHEREAS, an adjustment of at least one million (1,000,000) more planted acres is possible this crop season and this would add nearly thirty million dollars ($30,000,000) to farm income, with

HeinOnline -- 1971 vol. II 1718 1971

a secondary economic impact of about sixty million dollars ($60,000,000) on Montana's commercial activity; and

WHEREAS, in regard to protection of land resources, preservation of the environment, and prevention of pollution, the present enforced practice causes more than one-half (½) of the croplands to lie fallow, contributing to massive problems of "dust bowl" proportions from wind erosion and despoliation of millions of acres of land from alkalinity from excess moisture and absorption of soil salts; and

WHEREAS, learned scientists and technicians and agricultural academicians from the Soil Conservation Service and the agricultural establishment at Montana State University have advocated a change in Montana farming practices from half or more fallow to continuous cropping and/or one-third (1/3) fallow in many areas; and

WHEREAS, the Governor of the State of Montana, the United States Majority Leader and other members of the Montana congressional delegation, Montana farm organizations and individual growers have called public attention to these problems and inequities, and have impressed the United States Department of Agriculture with the justness of Montana's appeal for remedy to the situation; and

WHEREAS, the Montana Agricultural Stabilization and Conservation Service State Committee has the authority to make such adjustments and the administrative capability through its county committees to accomplish such adjustments expeditiously; and

WHEREAS, Montana growers are not seeking a competitive advantage but only an equal opportunity to utilize their land resources in the highly competitive enterprise of producing and selling grain; and

WHEREAS, the Montana Agricultural Stabilization and Conservation Service State Committee has the responsibility under law to represent farmers and serve as farmers' advocates in regard to federal farm programs;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Agricultural Stabilization and Conservation Service State Committee is urged to act immediately to encourage individual farmers to appeal for reduction in their conserving base acreages and that said committee is to exercise its complete authority and responsibility to assure such adjustments are accomplished

HeinOnline -- 1971 vol. II 1719 1971

to a degree that gives Montana farmers equity in competition with other wheat-growing states and permits Montana farmers the greatest possible flexibility in determining the acreages to plant and the acreages to fallow in their individual operations, and

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to Secretary Clifford Hardin of the United States Department of Agriculture, Agricultural Stabilization and Conservation Service Administrator Kenneth Frick, Agricultural Stabilization and Conservation Service Northwest Area Director Dale Helpspur, the Executive Director and each member of the Montana Agricultural Stabilization and Conservation Service State Committee.

WHEREAS, clerks of court are required by section 18, Article VIII of the Montana Constitution; and

WHEREAS, many desirable residential cities and towns are on, or in close proximity to, the primary U.S. highways that form the boundaries of the Triangle Area, while within the area there are no cities or towns. The upgrading of the specified unpaved mileage would facilitate the immediate absorption of construction and, later, the operational and maintenance personnel of "Safeguard" facilities into those attractive communities where there already exist grade and high schools, churches, libraries, parks, playgrounds, water

systems, sanitary facilities, etc. In two (2) of the cities, Havre and Great Falls, there are four-year accredited colleges; and

WHEREAS, under normal traffic volume, maintaining and repairing dirt roads in the Triangle Area is almost impossible during some seasons and the cost is enormous; wind erosion and traffic renders gravel surfaces both very expensive and very dangerous from flying rocks; driving in dust is most hazardous on narrow roads, and in mud is practically impossible; and

WHEREAS, what extraordinary maintenance and repair for which these roads are eligible under army finances is not clear to the county commissioners, and such eligibility particularly causes concern when roads that have served normal traffic become practically or totally impassible under "Safeguard" generated traffic, either direct or indirect; and

WHEREAS, the unemployed list grows week by week and the number of applicants for welfare does the same, augmented by an influx from the unemployed elsewhere who come to the area hoping "Safeguard" construction will provide a job, inasmuch as there is no big employer other than the "Safeguard" to furnish employment, which is not enough. Those who have given the matter serious thought know that job opportunity should and can be generated by enlarging and expanding every existing activity at hand, and that nothing could contribute to job opportunity in the area as would the construction of a good access road system and the activity that would thereby be generated in so many communities; and

WHEREAS, to have been made the prime target for Russian 50-megaton war heads, and for those of China when that nation is ready to fire, appears to qualify this area for equitable treatment.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the United States of America immediately undertake to upgrade and adequately construct the defense access roads located in the Triangle Area of Montana where the ABM missile system is being installed; and

BE IT FURTHER RESOLVED, that copies of this resolution be sent by the secretary of state to the Honorable Mike Mansfield and the Honorable Lee Metcalf, senators from Montana, and to the Honorable John Melcher and the Honorable Richard Shoup, representatives from Montana, the Honorable Melvin Laird, secre-

A Joint Resolution of the Senate and House of Representatives of the State of Montana Requesting the State Board of Education to Conduct a Study of Proprietary Schools Offering Vocational or Technical Training to Citizens of Montana.

WHEREAS, the goals, procedures and standards of proprietary technical and training schools are often unknown, and the goals, procedures and standards of such schools may not be in keeping with the public interest and the needs of students; and

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

RULE MAKING

Section 3. **Rules describing agency organization and procedures — public inspection of rules — model rules.**

Duties of agency. (1) In addition to other rule making requirements imposed by law, each agency shall:

Rule—description of organization. (a) Adopt as a rule a description of its organization, stating the general course and method of its operations and the methods whereby the public may obtain information or make submissions or requests.

Rules of practice. (b) Adopt rules of practice, not inconsistent with statutory provisions, setting forth the nature and requirements of all formal and informal procedures available, including a description of all forms and instructions used by the agency.

Public inspection. (c) Make available for public inspection all rules and all other written statements of policy or interpretations formulated, adopted or used by the agency in the discharge of its functions.

Copies. (d) Upon request of any person or agency, provide a copy of any rule. Unless otherwise provided by statute, an agency may require the payment of the cost of providing such copies.

Validity. (2) No agency rule shall be valid or effective against any person or party whose rights have been substantially prejudiced by an agency's failure to comply with the public inspection requirement herein.

Duty of attorney general to prepare model forms. (3) The attorney general shall prepare, as soon as is practicable after the passage of this act, a model form for a rule describing the organization of agencies and model rules of practice for agencies to use as a guide in fulfilling the requirements of section 3 (1). The attorney general shall add to, amend or revise the model rules from time to time as he shall deem necessary for the proper guidance of agencies. The model rules, and additions, amendments or revisions thereto, shall be appropriate for the use of as many agencies as is practicable and shall be filed with the secretary of state and provided to any agency upon request. The adoption by an agency of all or part of the model rules shall not relieve the agency from following the rule making procedures required by this act.

HeinOnline -- 1971 vol. II 1762 1971

Section 4. **Adoption — amendment or repeal of rules — emergency rules.** (1) Prior to the adoption, amendment or repeal of any rule, the agency shall: Prior to adoption.

(a) Give written notice of its intended action. The notice shall include a statement of either the terms or substance of the intended action or a description of the subjects and issues involved, and the time when, place where, and manner in which interested persons may present their views thereon. The notice shall be filed with the secretary of state for publication in the Montana administrative register as provided in section 6 (2) of this act and mailed to persons who have made timely requests to the agency for advance notice of its rule making proceedings. The notice shall be published and mailed at least twenty (20) days in advance of the agency's intended action. If any statute shall provide for a different method of publication, the affected agency shall comply with the statute in addition to the requirements contained herein. However, in no case shall the notice period be less than twenty (20) days. Notice of intent. Filing—publication. Mailing. 20 days in advance.

(b) Afford interested persons reasonable opportunity to submit data, views or arguments, orally or in writing. In the case of substantive rules, opportunity for oral hearing shall be granted if requested by either ten percent (10%) or twenty-five (25) of the persons who will be directly affected by the proposed rule, by a governmental subdivision or agency or by an association having not less than twenty-five (25) members who will be directly affected. Contested case procedures need not be followed in hearings held pursuant to this section. Where a hearing is otherwise required by statute, nothing herein shall be deemed to alter that requirement. The agency shall consider fully written and oral submissions respecting the proposed rule. Upon adoption of a rule, an agency, if requested to do so by an interested person either prior to adoption or within thirty (30) days thereafter, shall issue a concise statement of the principal reasons for and against its adoption, incorporating therein its reasons for overruling the considerations urged against its adoption. Submissions. Hearing on request. Consideration of submissions. Statement of reasons on request.

(2) If an agency finds that an imminent peril to the public health, safety or welfare requires adoption of a rule upon fewer than twenty (20) days' notice and states in writing its reasons for that finding, it may proceed, without prior notice or hearing or upon any abbreviated Emergency procedures—findings.

HeinOnline -- 1971 vol. II 1763 1971

notice and hearing that it finds practicable, to adopt an emergency rule. The rule may be effective for a period not longer than one hundred and twenty (120) days, but the adoption of an identical rule under subsections (1) (a) and (1) (b) of this section is not precluded. The sufficiency of the reasons for a finding of imminent peril to the public health, safety or welfare shall be subject to judicial review.

Validity.

(3) No rule adopted after the effective date of this act shall be valid unless adopted in substantial compliance with subsections (1) and (2) of this section.

Agency may use informal hearings, advisory committees.

(4) An agency may use informal conferences and consultations as a means of obtaining the viewpoints and advice of interested persons with respect to contemplated rule making. An agency may also appoint committees of experts or interested persons or representatives of the general public to advise it with respect to any contemplated rule making. The powers of the committees shall be advisory only. Nothing herein shall relieve the agency from following rule making procedures required by this act.

Statutory references.

(5) Rules shall not unnecessarily repeat statutory language. Whenever it is necessary to refer to statutory language in order to convey the meaning of a rule interpreting the language, the reference shall clearly indicate that portion of the language which is statutory and the portion which is amplification of the language. Each rule shall include a citation of authority pursuant to which it, or any part thereof, is adopted.

Annual review of rules.

(6) Each agency shall at least annually review its rules to determine if any new rule should be adopted or any existing rule should be modified or repealed.

Section 5. **Filing of rules — effective date of rules.** Filing of rules with secretary of state.

(1) On or before the 60th day following the effective date of this act, each agency shall file with the secretary of state a certified copy of each rule adopted by it on or before the effective date of this act and remaining in effect. (b) Subject to applicable constitutional or statutory provisions, an emergency rule shall become effective immediately upon filing with the secretary of state, or at a stated date less than ten (10) days following publication in the Montana administrative code or register, if the agency finds that this effective date is necessary because of imminent peril to the public health, safety or welfare. The agency's finding and a brief statement of reasons therefor shall be filed with the rule. The agency shall take appropriate measures to make emergency rules known to every person who may be affected by them.

Effective date—emergency rule—filing—publication.

(3) The secretary of state may prescribe a format, style and arrangement for rules which are filed pursuant to this act and may refuse to accept the filing of any rule that is not in substantial compliance therewith. He shall keep and maintain a permanent register of all rules filed (including superseded and repealed rules), which shall be open to public inspection, and shall provide copies of any rule upon request of any person or agency. This section shall be printed or duplicated in such manner as to make it easily distinguishable from the rules section of the register and so that separate copies of the notice section can be provided to any person upon request to the secretary of state. Permissive omissions.

(3) The secretary of state, with the consent of the adopting agency, may omit from the code or register any rule the publication of which would be unduly cumbersome, expensive or otherwise inexpedient, if the rule in printed or duplicated form is made available on application to the agency, and if the code or register contains a notice stating the general subject matter of the omitted rule and stating how a copy may be obtained.

Arrangement for separate publications.

(4) The code shall be arranged, indexed and printed or duplicated in such manner as to permit separate publication of portions thereof relating to individual agencies. An agency may make arrangements with the secretary of state for the printing of as many copies of such separate

(7) The secretary of state shall determine the cost of supplying copies of the code, revisions thereto and the register. However, a uniform price per page or group of pages may be established without regard to differences in cost of printing different parts of the code, revisions thereto and the register.

Deposit of fees.

(8) All fees collected by the secretary of state shall be deposited to the general fund.

Section 7. **Petition for adoption of rules.** An interested person may petition an agency requesting the promulgation, amendment or repeal of a rule. (2) When a licensee has made timely and sufficient application for the renewal of a license or a new license with reference to any activity of a continuing nature, the existing license does not expire until the application has been finally determined by the agency, and, in case the application is denied or the terms of the new license limited, until the last day for seeking review of the agency order or a later date fixed by order of the reviewing court.

Notice and opportunity to comply required.

(3) No revocation, suspension, annulment, withdrawal or amendment of any license is lawful unless, prior to the institution of agency proceedings, the agency gave notice by mail to the licensee of facts or conduct which warrant the intended action, and the licensee was given an opportunity to show compliance with all lawful requirements for the retention of the license. If the agency finds that public health, safety or welfare imperatively requires emergency action, and incorporates a finding to that effect in its order, summary suspension of a license may be ordered pending proceedings for revocation or other action. These proceedings shall be promptly instituted and determined.

Judicial review after exhaustion of administrative remedies.

Section 16. **Judicial review of contested cases.** (1) A person who has exhausted all administrative remedies available within the agency and who is aggrieved by a final decision in a contested case is entitled to judicial review under this act. This section does not limit utilization of or the scope of judicial review available under other means of review, redress, relief, or trial de novo provided by statute. A preliminary, procedural, or intermediate agency action or ruling is immediately reviewable if review of the final agency decision would not provide an adequate remedy.

HeinOnline -- 1971 vol. II 1772 1971

Party may question validity of statute.

A party who proceeds before an agency under the terms of a particular statute shall not be precluded from questioning the validity of that statute on judicial review, but such party may not raise any other question not raised before the agency, unless it is shown to the satisfaction of the court that there was good cause for failure to raise the question before the agency.

Petition to district court.

(2) Proceedings for review shall be instituted by filing a petition in district court within thirty (30) days after service of the final decision of the agency, or if a rehearing is requested, within thirty (30) days after the decision thereon. Except as otherwise provided by statute, the petition shall be filed in the district court for the county where the petitioner resides or has his principal place of business, or where the agency maintains its principal office. Copies of the petition shall be promptly served upon the agency and all parties of record.

Service.

Jurisdictional facts.

The petition shall include a concise statement of the facts upon which jurisdiction and venue are based, a statement of the manner in which the petitioner is aggrieved and the ground or grounds specified in subsection 7 of this section upon which the petitioner contends he is entitled to relief. The petition shall demand the relief to which the petitioner believes he is entitled, and the demand for relief may be in the alternative.

Stay of enforcement.

(3) Unless otherwise provided by statute, the filing of the petition shall not stay enforcement of the agency's decision. The agency may grant, or the reviewing court may order, a stay upon terms which it deems proper.

Record of proceedings.

(4) Within thirty (30) days after the service of the petition, or within further time allowed by the court, the agency shall transmit to the reviewing court the original or a certified copy of the entire record of the proceeding under review. By stipulation of all parties to the review proceedings, the record may be shortened. A party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional costs. The court may require or permit subsequent corrections or additions to the record.

Application to present additional evidence.

(5) If, before the date set for hearing, application is made to the court for leave to present additional evidence, and it is shown to the satisfaction of the court

HeinOnline -- 1971 vol. II 1773 1971

that the additional evidence is material and that there were good reasons for failure to present it in the proceeding before the agency, the court may order that the additional evidence be taken before the agency upon conditions determined by the court. The agency may modify its findings and decision by reason of the additional evidence and shall file that evidence and any modifications, new findings, or decisions with the reviewing court.

Conduct of review.

(6) The review shall be conducted by the court without a jury and shall be confined to the record. In cases of alleged irregularities in procedure before the agency, not shown in the record, proof thereof may be taken in the court. The court, upon request, shall hear oral argument and receive written briefs.

Judgment—court decisions.

(7) The court shall not substitute its judgment for that of the agency as to the weight of the evidence on questions of fact. The court may affirm the decision of the agency or remand the case for further proceedings. The court may reverse or modify the decision if substantial rights of the appellant have been prejudiced because the administrative findings, inferences, conclusions or decisions are:

(a) in violation of constitutional or statutory provisions;

(b) in excess of the statutory authority of the agency;

(c) made upon unlawful procedure;

(d) affected by other error of law;

(e) clearly erroneous in view of the reliable, probative and substantial evidence on the whole record;

(f) arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion; or

(g) because findings of fact, upon issues essential to the decision, were not made although requested.

Appeal to supreme court.

Section 17. **Appeals.** An aggrieved party may obtain review of a final judgment of a district court under this act by appeal to the supreme court within sixty (60) days after entry of judgment. Such appeal shall be taken in the manner provided by law for appeals from

HeinOnline -- 1971 vol. II 1774 1971

district courts in civil cases. Unless otherwise provided by statute or unless the agency has granted a stay through the completion of the judicial review process:

Stay on appeal.

(1) If appeal is taken from a judgment of the district court affirming an agency decision, the agency decision shall not be stayed except upon order of the supreme court; except that, in cases where a stay is in effect at the time of the filing of notice of appeal, the stay shall be continued by operation of law for twenty (20) days from the date of filing of the notice.

(2) If appeal is taken from a judgment of the district court reversing or modifying an agency decision, the agency decision shall be stayed pending final determination of the appeal unless the supreme court orders otherwise.

GENERAL PROVISIONS

Declaratory rulings—petitions.

Section 18. **Declaratory rulings by agencies.** Each agency shall provide by rule for the filing and prompt disposition of petitions for declaratory rulings as to the applicability of any statutory provision or of any rule or order of the agency. A declaratory ruling, or the refusal to issue such a ruling, shall be subject to judicial review in the same manner as decisions or orders in contested cases.

Declaratory judgments.

Section 19. **Declaratory judgments on validity or application or rules.** The validity or application of a rule may be determined in an action for declaratory judgment if it is found that the rule, or its threatened application, interferes with or impairs, or threatens to interfere with or impair, the legal rights or privileges of the plaintiff. The action may be brought in the district court for the county in which the plaintiff resides or has his principal place of business, or in which the agency maintains its principal office. The agency shall be made a party to the action. A declaratory judgment may be rendered whether or not the plaintiff has requested the agency to pass upon the validity or applicability of the rule in question.

District court.

Subpoena power.

Section 20. **Subpoenas and enforcement — compelling testimony.** (1) An agency conducting any proceeding subject to this act shall have the power to require the furnishing of such information, the attendance of such

HeinOnline -- 1971 vol. II 1775 1971

witnesses, and the production of such books, records, papers, documents and other objects as may be necessary and proper for the purposes of the proceeding. In furtherance of this power, an agency upon its own motion may, and upon request of any party appearing in a contested case shall, issue subpoenas for witnesses or subpoenas duces tecum. The method for service of subpoenas, witness fees and mileage shall be the same as required in civil actions in the district courts of the state. Except as otherwise provided by statute, witness fees and mileage shall be paid by the party at whose request the subpoena was issued.

Contempt proceedings.

(2) In case of disobedience of any subpoena issued and served under this section or of the refusal of any witness to testify as to any material matter with regard to which he may be interrogated in a proceeding before the agency, the agency may apply to any district court in the state for an order to compel compliance with the subpoena or the giving of testimony. If the agency fails or refuses to seek enforcement of a subpoena issued at the request of a party, or to compel the giving of testimony deemed material by a party, the party may make such application. The court shall hear the matter as expeditiously as possible. If the disobedience or refusal is found to be unjustified, the court shall enter an order requiring compliance. Disobedience of such order shall be punishable by contempt of court in the same manner and by the same procedures as is provided for like conduct committed in the course of civil actions in district courts. If another method of subpoena enforcement or compelling testimony is provided by statute, it may be used as an alternative to the method provided for in this section.

Right to counsel.

Section 21. **Representation.** Any person compelled to appear in person or who voluntarily appears before any agency or representative thereof shall be accorded the right to be accompanied, represented and advised by counsel. In a proceeding before an agency, every party shall be accorded the right to appear in person or by or with counsel but this act shall not be construed as requiring an agency to furnish counsel to any such person.

Service as in civil actions.

Section 22. **Service.** Except where a statute expressly provides to the contrary, service in all agency proceedings subject to the provisions of this act and in

HeinOnline -- 1971 vol. II 1776 1971

proceedings for judicial review thereof, shall be as prescribed for civil actions in the district courts.

Construction and effect.

Section 23. **Construction and effect.** Nothing in this act shall be deemed to limit or repeal requirements imposed by statute or otherwise recognized law. No subsequent legislation shall be deemed to supercede or modify any provision of this act, whether by implication or otherwise, except to the extent that such legislation shall do so expressly.

Repealing clause.

Section 24. **Repeal of inconsistent provisions.** All laws or parts of laws in conflict herewith are hereby repealed to the extent of such conflict.

Severability clause.

Section 25. **Severability.** The provisions of this act are severable, and if any part of provision thereof shall be held void the decision of the court so holding shall not affect or impair any of the remaining part of provisions of this act.

Effective December 31, 1972.

Section 26. **Time of taking effect.** This act shall take effect on December 31, 1972, except that pending proceedings shall not be affected.

CHAPTER NO. 4

An Act to Amend the Laws Relating to the Location and Assessment Work Requirements upon Mining Claims by Amending Section 50-701(3), R.C.M., 1947, to Pro-

HeinOnline -- 1971 vol. II 1780 1971

vide for Compliance with United States Mining Laws to Eliminate the Location Requirement of Sinking a Discovery Shaft; Amending Section 50-702, R.C.M., 1947, to Provide that the County Clerk Shall Provide a Copy of Each Certificate of Location to the Department of State Lands and Investments, to Change the Information Required on the Certificate of Location, and to Provide that Failure to Record the Certificate of Location Shall Create a Prima Facie Presumption of Intent to Abandon; Amending Section 50-704, R.C.M., 1947, to Change the Information Required on the Affidavit of Performance of Annual Work, to Provide for Group Assessment Work upon Contiguous Claims, to Provide that Recording of the Affidavit is Mandatory, to Provide that the Affidavit be Verified, and to Provide that Failure to Record the Assessment Affidavit is Prima Facie Evidence of Failure to Perform Such Labor and that the Owner Has Abandoned Same.

Be it enacted by the Legislative Assembly of the State of Montana:

Amending clause.

Section 1. Section 50-701, R.C.M., 1947, is amended to read as follows:

Discovery of minerals.

"50-701. **Discovery — notice — marking boundaries — sinking shaft.** Any person who discovers upon the public domain of the United States, within the state of Montana, a vein, lode, or ledge of rock in place, bearing gold, silver, cinnabar, lead, tin, copper, or other valuable deposits, or a placer deposit of gold, or other deposit of minerals having a commercial value which is subject to entry and patent under the mining laws of the United States, may, if qualified by the laws of the United States, locate a mining claim upon such vein, lode, ledge, or deposit in the following manner, viz.:

Location of mining claim—procedure.

Posting—notice of location.

1. He shall post, conspicuously, at the point of discovery, a written or printed notice of location, containing the name of the claim, the name of the locator (or locators, if there be more than one), the date of the location, which shall be the date of posting such notice, and the approximate dimensions of area of the claim intended to be appropriated.

Marking boundaries.

2. Within thirty days after posting the notice of location, he shall distinctly mark the location on the ground so that its boundaries can be readily traced. It shall be prima-facie evidence that the location is properly marked

HeinOnline -- 1971 vol. II 1781 1971

if the boundaries are defined by a monument at each corner or angle of the claim, consisting of any one of the following kinds: (1) A tree at least eight inches in diameter, and blazed on four sides; (2) A post at least four inches square by four feet six inches in length, set one foot in the ground unless solid rock should occur at a less depth, in which case the post should be set upon such rock, and surrounded in all cases by a mound of earth or stone at least four feet in diameter by two feet in height. A squared stump of the requisite size, surrounded by such *mound,* shall be deemed the equivalent of a post and mound; (3) A stone at least six inches square by eighteen inches in length, set two-thirds of its length in the ground, with a mound of earth or stone alongside at least four feet in diameter by two feet in height; or (4) A boulder at least three feet above the natural surface of the ground on the upper side. Where other monuments, or monuments of lesser dimensions than those above described, are used, it shall be a question for the jury, or for the court where the action is tried without a jury, as to whether the location has been marked upon the ground so that its boundaries can be readily traced. Whatever monument is used, it must be marked with the name of the claim and the designation of the corner, either by number or cardinal point.

Compliance with federal mining laws.

3. Within sixty *(60)* days after posting such notice, *the locator shall comply with the United States mining laws."*

Amending clause.

Section 2. Section 50-702, R.C.M., 1947, is amended to read as follows:

Recording location with county clerk.

"50-702. **Record of certificate of location.** Within sixty *(60)* days after posting the notice of location, the locator shall record his location in the office of the county clerk of the county in which such mining claim is situated,

Clerk shall provide copy to state.

and within twenty (20) days thereafter the county clerk shall provide a copy thereof to the department of state lands and investments, Helena, Montana, or its successor agency.

Certificate of location—requirements.

Such record shall consist of a certificate of location *for each claim* containing:

1. The name of the lode or claim *and whether located as a lode or placer claim.*

HeinOnline -- 1971 vol. II 1782 1971

2. The name of the locator or locators, if there be more than one, *together with the post office address of such locator or locators.*

3. The date of location, and such description of said claim, with reference to some natural object or permanent monument, as will identify the claim *and the section, township, and range wherein the claim is situated (by projected survey lines if located in unsurveyed country).*

4. *The directions and distances from the discovery point which describe the claim.*

Such certificate of location must be verified, before some officer authorized to administer oaths, by the locator, or one of the locators if there be more than one, or by authorized agent. In the case of a corporation, the verification may be made by any officer thereof, or by an authorized agent. When the verification is made by an agent, the fact of the agency shall be stated in the affidavit. A certificate of location so verified, or a certified copy thereof, is prima-facie evidence of all facts properly recited therein. *Failure of the locator or locators to record a certificate of location as herein required shall create a prima-facie presumption of intent to abandon. However, recordation after the sixty (60) day period but before the ground is located by another renews the location and saves the rights of the original locator. Nothing contained in section 50-713, R.C.M., 1947, shall be held to affect the prima-facie presumption created by this section."*

Verification.

Evidence.

Presumption.

Section 3. Section 50-704, R.C.M., 1947, is amended to read as follows:

Amending clause.

"50-704. **Recording of affidavit of performance of annual work.** The owner of a lode or placer claim who performs or causes to be performed the annual work, or makes the improvements required by the laws of the United States, *as permitted and defined by laws of the United States,* in order to prevent the forfeiture of the claim, *must,* within *ninety (90)* days after the *expiration of the federal annual assessment work period,* file in the office of the county clerk of the county in which such claim *or claims* is situated an affidavit of his own, or an affidavit of the person who performed such work or made the improvements, showing:

Recording—affidavit of annual work performed.

Affidavit requirements.

1. The name of the mining claim *or claims;*

HeinOnline -- 1971 vol. II 1783 1971

2. The location of the claim or claims by section, township, and range (by projected survey lines if located in unsurveyed country);

3. The book and page numbers wherein the original or latest amended relocation for each claim is recorded;

4. The number of days' work done, and the character and value of the improvements placed thereon, *or the verified report required by United States mining law if geological, geophysical, or geochemical work or labor is being relied upon;*

5. The dates between which such work or improvements were effected;

6. At whose instance the work was done or the improvements made;

7. The actual amount paid for work and improvements, and by whom paid when the same was not done by the owner.

Annual assessment work on contiguous claims.

Annual assessment work may be performed or caused to be performed at one (1) or more points within a group of contiguous claims not exceeding ten (10) claims and may be utilized to satisfy annual assessment work requirements upon the group of contiguous claims. If annual assessment work is performed or caused to be performed at one (1) or more points within a group of contiguous claims not exceeding ten (10), the affidavit of performance of assessment work must be filed for the group of claims. The affidavit, in addition to requirements established by this section for affidavits of performance of assessment work, must contain a description and location of the work done upon the group at a point or points within the group, the specific names of all the claims in the group for whose benefit the work was performed, and the total cost of the work performed.

Affidavit—group of claims.

Filing in each county.

If group work is claimed for a group of claims crossing county lines, the affidavit required by this section shall be filed for recording within the required time in each of the counties in which such claims are located.

Verification of affidavit.

An affidavit of performance of annual assessment work must be verified, before some officer authorized to administer oaths, by the locator, or one of the locators if there be more than one, or by authorized agent. In the case of

HeinOnline -- 1971 vol. II 1784 1971

a corporation, the verification may be made by any officer thereof, or by an authorized agent. When the verification is made by an agent, the fact of the agency shall be stated in the affidavit. Such affidavits, or a certified copy thereof, are prima-facie evidence of the facts therein stated. *The failure to file such affidavits within the period allowed therefor shall be prima-facie evidence that such labor has not been performed and that the owner of the claim or claims has abandoned and surrendered same.''*

Evidence.

Approved April 6, 1971.

(ii) Signs which are not effectively shielded as to prevent beams or rays of light from being directed at any portion of the traveled ways of the interstate or federal-aid primary highway or which are of such intensity or brilliance as to cause glare or to impair the vision of the driver of any motor vehicle, or which otherwise interfere with any driver's operation of a motor vehicle are prohibited.

(iii) No sign shall be so illuminated that it interferes with the effectiveness of, or obscures an official traffic sign, device, or signal.

Primary highway—intersection—spacing.

(j) The location of sign structure situated on the primary highways between streets, roads or highways entering or intersecting the main traveled way shall conform to the following minimum spacing criteria:

(i) Where the distance between centerlines of intersecting streets or highways is less than one thousand (1,000) feet, a minimum spacing between structures of one hundred fifty (150) feet may be permitted between the intersecting streets or highways.

(ii) Where the distance between centerlines of intersecting streets or highways is one thousand (1,000) feet or more, minimum spacing between sign structures shall be three hundred (300) feet.

Permits.

Section 6. Within ninety (90) days after the effective date of this act, no signs authorized by subsections (i), (iv), and (v) of subsection (a) of section 3 may be constructed or maintained without a permit. Applications for permits shall be made to the commission on forms furnished by it. The commission shall require reasonable information to be furnished, including a statement that the owner or occupant of the land has consented to the erection or maintenance of the sign or signs thereon. A permit must be obtained for each sign and the application for the permit must be accompanied by an initial fee of six dollars ($6).

Permits shall be issued for three (3) years, assigned a permit number, and renewed every three (3) years thereafter upon payment of three dollars ($3) without the filing of a new application. All fees received shall be paid into the state highway account in the earmarked revenue fund.

HeinOnline -- 1971 vol. II 1821 1971

Identification tags.

The commission shall issue with each new permit a permanent identification tag not larger than six (6) square inches which shall be affixed to the sign in a position readily visible from the highway.

Notwithstanding the foregoing provisions of this section, the commission shall issue permits and identifications tags, upon application and payment of the requisite fee for any structure lawfully in existence on the day prior to the effective date of this act, and the permits shall thereafter be renewed for such period of time as is prescribed herein, unless the structure is removed for improper maintenance.

Violation—remedial action.

Section 7. When the commission determines that a willful false or misleading statement has been made in the application for a permit or that the structure for which a permit was issued is not in a reasonable state of repair, or is unsafe, the commission shall notify the holder of the permit in writing, either by certified mail or by personal service, of the violation and specify that remedial action shall be taken within sixty (60) days or the permit will be revoked and action for removal of the sign commenced as provided in section 8 of this act. No notice is required prior to filing a complaint after the notice period has lapsed.

Unlawful advertising.

Section 8. (a) The following outdoor advertising is deemed unlawful:

(i) When erected after the effective date of this act contrary to the provisions of this act; or

(ii) When a permit is not obtained as prescribed in this act; or

(iii) When a permittee fails to comply with a notice of violation as provided in section 7 of this act.

Notice.

(b) The commission shall give notice in writing, either by certified mail or by personal service, to the owner or occupant of the land on which advertising believed to be unlawful is located and the owner of the outdoor advertising structure, if the latter is known, or if unknown, by posting notice in a conspicuous place on said structure, of its intention to remove the advertising deemed unlawful. Within forty five (45) days after the notice, the owner of the land or of the structure

HeinOnline -- 1971 vol. II 1822 1971

may make written request for a hearing before the commission to show cause why the structure should not be removed. The commission shall keep a full and complete transcript and record of such hearing, make and enter its findings, conclusions and decisions in the matter and mail copies thereof by certified mail to the party or parties requesting the hearing.

Appeal procedure.

The decision of the commission may be appealed to the district court in the county in which the structure is located. The court shall sustain the decision of the commission if it is supported by substantial evidence as shown by the records and exhibits. If there is no appeal from the commission's decision or if the commission's decision is affirmed, the party or parties requesting the appeal shall be liable for all costs incurred by the commission. Appeals shall be taken within thirty (30) days of the commission's decision by filing a notice and sending a copy of the notice to the commission by certified mail.

The commission shall forward its transcripts, records and exhibits to the district court having jurisdiction within thirty (30) days after receiving notice of such appeal. Appellant shall pay all costs of transcript and records.

If a hearing before the commission is not requested, or if there is no appeal taken from the commission's decision at such hearing, or if the commission's decision is affirmed on appeal, the commission shall immediately remove the unlawful outdoor advertising. The owner of the structure and the owner or occupant of the land shall be jointly and severally liable for the costs of such removal. The commission shall incur no liability for causing this removal, except for damage caused by negligence of the commission, its agents or employees.

Acquisition of outdoor advertising.

Section 9. (a) The commission is hereby empowered and authorized to acquire by gift, purchase, agreement, exchange or eminent domain, any existing outdoor advertising and all property rights pertaining to same which were lawfully in existence on the effective date of this act, and which by reason of this act become non-conforming. HeinOnline -- 1971 vol. II 1823 1971

Compensation.

(b) Just compensation shall be paid for outdoor advertising and all property rights pertaining to the same acquired through the process of eminent domain. The commission is empowered to remove outdoor advertising found in violation of section 7 or 8 of this act without payment of compensation.

(c) Despite any contrary provision in this act, no sign shall be required to be removed without just compensation, unless found to be in violation of section 7 or 8 of this act. Except as provided in said sections 7 and 8 no sign shall be required to be removed unless at the time of removal or discontinuance there are sufficient funds, from whatever source, appropriated and immediately available to pay the just compensation required under this section, and unless at such time the federal funds required to be contributed under section 131 (g) of title 23, United States code, with respect to the outdoor advertising being removed, have been apportioned and are immediately available to this state.

Agreement regarding outdoor advertising.

Section 10. The highway commission of the state of Montana is authorized to enter into an agreement with the secretary regarding the size, lighting and spacing of outdoor advertising, as provided in this act, which may be erected and maintained within the areas adjacent to the interstate and primary highway system which are zoned commercial, industrial, or in such other unzoned commercial or industrial areas as may be determined by agreement, and as provided in this act.

Affect on ordinance.

Section 11. Nothing in this act shall be construed to abrogate or affect the provisions of any lawful ordinance, regulation or resolution, which is more restrictive than the provisions of this act.

Change in United States code.

Section 12. In the event the general requirements of title 23, United States code, "highways," or existing rules and regulations of the United States department of transportation become amended or changed to less restrictive conditions than presently exist, then, the commission must amend or change such rules and regulations that it may have adopted to come into conformity with the federal law, rule and regulation; however, in no event shall this act become more restrictive than is indicated herein by said federal action.

HeinOnline -- 1971 vol. II 1824 1971

Section 13. Outdoor advertising contracted for prior to the enactment of this act and which under the provisions of the act becomes non-conforming shall not be regulated as such until January 1, 1972. **Contracts prior to act.**

Payment for displacement.

Section 3. (1) Whenever the acquisition of real property for a program or project of an agency (for which federal financial assistance is available to pay all or any part of the cost) will result in the displacement of any person, the agency shall make payment to the displaced person, upon application as approved by the agency, for:

(a) actual reasonable expenses in moving himself, his family, business, farm operation, or other personal property;

(b) actual direct losses of tangible personal property as a result of moving or discontinuing a business or farm operation, but not to exceed an amount equal to the reasonable expenses that would have been required to relocate such property, as determined by the agency; and

Moving expense allowance.

(2) In lieu of payments for actual expenses and losses under subsection (1) of this section a person who is displaced from a dwelling may elect to receive a moving expense allowance determined according to a schedule established by the agency and a dislocation allowance, neither of which may exceed the maximum allowances under section 202 (b) of the federal act.

Fixed payment.

(3) In lieu of payments for actual expenses and losses under subsection (1) of this section a person who is displaced from his place of business or from his farm operation may receive a fixed payment in an amount equal to the average annual net earnings of the business or farm operation provided that:

Limitation.

(a) the payment shall not be less nor more than the amounts set forth in section 202 (c) of the federal act;

Business.

(b) in the case of a business no payment shall be made under this subsection unless the acquiring agency is satisfied that the business cannot be relocated without a substantial loss of its existing patronage and is not a part of a commercial enterprise having at least one (1) other establishment not being acquired by an agency, which is engaged in the same or similar business.

Displacement from dwelling—not less than 180 days prior to acquisition.

Section 4. (1) In addition to payments otherwise authorized by this act, the acquiring agency shall make an additional payment to any displaced person who is displaced from a dwelling actually owned and occupied by such displaced person for not less than one hundred and eighty (180) days prior to the initiation of negotiations for the acquisition of the property. The additional payment shall include the following elements:

Additional payment —elements.

(a) the amount may not exceed the amount allowed under section 203 of the federal act,

(b) the amount, if any, which when added to the acquisition cost of the dwelling acquired by the agency, equals the reasonable cost of a comparable replacement dwelling which is a decent, safe, and sanitary dwelling adequate to accommodate such displaced person, reasonably accessible to public services and places of employment and available on the private market. All determinations required to carry out this subsection (b) shall be made in accordance with regulations issued by the acquiring agency.

HeinOnline -- 1971 vol. II 1828 1971

(c) the amount, if any, which will compensate the displaced person for any increased interest costs which the person is required to pay for financing the acquisition of any comparable replacement dwelling. The amount shall be paid only if the dwelling acquired by the agency was encumbered by a bona fide mortgage which was a valid lien on such dwelling for not less than one hundred and eighty (180) days prior to the initiation of negotiations for the acquisition of the dwelling. The amount shall be equal to the excess in the aggregate interest and other debt service costs of that amount of the principal of the mortgage on the replacement dwelling which is equal to the unpaid balance of the mortgage on the acquired dwelling, over the remainder term of the mortgage on the acquired dwelling, reduced to discounted present value. The discount rate shall be the prevailing interest rate paid on savings deposits by commercial banks in the general area in which the replacement dwelling is located.

(d) reasonable expenses incurred by the displaced person for evidence of title, recording fees, and other closing costs incident to the purchase of the replacement dwelling, but not including prepaid expenses.

(2) The additional payment authorized by this section shall be made only to a displaced person who purchases and occupies a replacement dwelling which is decent, safe, and sanitary not later than the end of the one (1) year period beginning on the date on which he received from the agency final payment of all costs of the acquired dwelling, or on the date on which he moves from the acquired dwelling, whichever is the later date.

Displacement from dwelling—not less than 90 days prior to acquisition.

Section 5. In addition to amounts otherwise authorized by this act the acquiring agency shall make a payment to or for any displaced person displaced from any dwelling not eligible to receive a payment under section 4 of this act if the dwelling was actually and lawfully occupied by the displaced person for not less than ninety (90) days prior to the initiation of negotiations for acquisition of such dwelling. The payment shall be either:

(1) the amount necessary to enable the displaced person to lease or rent for a period not to exceed four (4) years, a decent, safe, and sanitary dwelling of standards

HeinOnline -- 1971 vol. II 1829 1971

adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities, and reasonably accessible to his place of employment, but not to exceed the amount allowable under section 204 of the federal act; or

(2) the amount necessary to enable such person to make a down payment (including reasonable expenses for evidence of title, recording fees, and other closing costs incident to the purchase of a dwelling, but not including prepaid expenses) on the purchase of a decent, safe, and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities. The amount payable under this subsection (2) shall not exceed the amount allowable under section 204 of the federal act and shall be subject to the same matching requirements as under said section.

Section 6. (1) Whenever the acquisition of real property for a program or project of an agency (for which federal financial assistance is available to pay all or any part of the cost) will result in the displacement of any person, the agency shall provide a relocation assistance advisory program for displaced persons which offers the services described in this section. If the acquiring agency determines that any person occupying property immediately adjacent to the real property acquired is caused substantial economic injury because of the acquisition, he may offer such person relocation advisory services.

Relocation assistance advisory program.

(2) The relocation advisory service may include such budget, debt management and related counseling services as the acquiring agency determines will assist the displaced person. The relocation assistance program shall include such measures, facilities, or services as may be necessary or appropriate in order to:

Services.

(a) determine the need, if any, of displaced persons, for relocation assistance;

(b) provide current and continuing information on the availability, prices, and rentals of comparable decent, safe, and sanitary sales and rental housing, and of comparable commercial properties and locations for displaced businesses;

HeinOnline -- 1971 vol. II 1830 1971

(c) assist a displaced person displaced from his business or farm operation in obtaining and becoming established in a suitable replacement location;

(d) supply information concerning federal and state housing programs, disaster loan programs and other federal or state programs offering assistance to displaced persons; and

(e) provide other advisory services to displaced persons in order to minimize hardships to displaced persons in adjusting to relocation;

(f) secure the coordination of relocation activities with other project activities and other planned or proposed federal or state actions in the community or nearby areas which may affect the relocation program.

Contracts for assistance.

(3) In order to prevent unnecessary expenses and duplication of functions and to promote uniform and effective administration of relocation assistance programs, an agency may enter into contracts with any individual, firm, association, or corporation for services in connection with such programs, or may carry out its functions under this act through any federal or state agency having an established organization for conducting relocation assistance programs. Each agency whenever practicable, shall utilize the services of state or local housing agencies, or other agencies having experience in the administration or conduct of similar housing assistance activities.

Dwellings for displaced persons.

Section 7. Whenever the acquisition of real property for a program or project of an agency (for which federal financial assistance is available to pay all or any part of the cost) will result in the displacement of any person, the agency shall assure that, within a reasonable period of time, prior to displacement there will be available in areas not generally less desirable in regard to public utilities and public and commercial facilities and at rents or prices within the financial means of the families and individuals displaced, decent, safe, and sanitary dwellings, as defined by the federal agency concerned with administering the federal financial assistance, equal in number to the number of and available to such displaced persons who require such dwellings and reasonably accessible to their places of employment.

HeinOnline -- 1971 vol. II 1831 1971

Project cost.

Section 8. The acquiring agency shall include the cost of providing payments and assistance under the provisions of this act in the cost of any project for which federal financial assistance is available to pay all or any part of the cost. The acquiring agency shall also provide the payments and assistance and assure the availability of replacement housing for displaced persons, who are displaced as a result of real property being acquired by an agency and furnished as a required contribution incident to a federal program or project.

Section 9. No payment received by a displaced person under this act shall be considered as income or resources for the purpose of determining the eligibility of any person for assistance under any state law or for the purposes of determining income under state tax laws.

Judicial review.

Section 10. Any person aggrieved by final administrative determination concerning eligibility for relocation payments authorized by this act may appeal such determination to the district court of the county in which the land acquired is located.

Policies of agencies involved.

Section 11. An agency which acquires real property for a program or project for which federal financial assistance will be available to pay all or any part of the cost of such program or project shall comply with the following policies:

(1) The agency shall make every reasonable effort to acquire expeditiously real property by negotiation.

(2) Real property shall be appraised before the initiation of negotiations, and the owner or his designated representative shall be given an opportunity to accompany the appraiser during his inspection of the property.

(3) Before the initiation of negotiations for real property, an amount shall be established which it is reasonably believed is just compensation therefor and such amount shall be offered for the property. In no event shall such amount be less than the approved appraisal of the fair market value of such property. Any decrease or increase in the fair market value of real property prior to the date of valuation caused by the public improvement for which such property is acquired, or by the likelihood that the property would be acquired for

HeinOnline -- 1971 vol. II 1832 1971

such improvement, other than that due to physical deterioration within the reasonable control of the owner, shall be disregarded in determining the compensation for the property. The owner of the real property to be acquired shall be provided with a written statement of, and summary of the basis for, the amount established as just compensation. Where appropriate, the just compensation for the real property acquired and for damages to remaining real property shall be separately stated.

(4) No owner shall be required to surrender possession of real property before the agreed purchase price is paid or before there is deposited with the court, in accordance with applicable law, for the benefit of the owner, an amount not less than the approved appraisal of the fair market value of such property, or the amount of the award of compensation in the condemnation proceeding of such property.

(5) The construction or development of a program or project for which federal financial assistance will be available to pay all or any part of the cost of the program or project shall be so scheduled that, to the greatest extent practicable, no person lawfully occupying real property shall be required to move from a dwelling (assuming a replacement dwelling will be available) or to move his business or farm operation without at least ninety (90) days written notice of the date by which such move is required.

(6) If an owner or tenant is permitted to occupy the real property acquired on a rental basis for a short term or for a period subject to termination by the acquiring agency on short notice, the amount of rent required shall not exceed the fair rental value of the property to a short-term occupier.

(7) In no event shall the time of condemnation be advanced, or negotiations or condemnation and the deposit of funds in court for the use of the owner be deferred, or any other action coercive in nature be taken to compel an agreement on the price to be paid for the property.

(8) If an interest in real property is to be acquired by exercise of the power of eminent domain, formal condemnation proceedings shall be instituted. The acquiring

HeinOnline -- 1971 vol. II 1833 1971

agency shall not intentionally make it necessary for an owner to institute legal proceedings to prove the fact of the taking of his real property.

(9) If the acquisition of only part of the property would leave its owner with an uneconomic remnant, an offer to acquire the entire property shall be made.

Deposit of money into court.

Section 12. Any agency acquiring real property for a program or project for which federal financial assistance will be available to pay all or any part of the cost of the program or project shall, as soon as practicable after the date of payment of the purchase price or the date of deposit into court of funds to satisfy the award of compensation in a condemnation proceeding to acquire real property, whichever is the earlier, reimburse the owner, to the extent the acquiring agency deems fair and reasonable, for expenses he necessarily incurred for recording fees, transfer taxes, and similar expenses incidental to conveying such real property to the acquiring agency; penalty costs for prepayment for any preexisting recorded mortgage or deed of trust entered into in good faith encumbering such real property; and the pro rata portion of real property taxes paid which are allocable to a period subsequent to the date of vesting title in the acquiring agency, or the effective date of possession of such real property by the acquiring agency, whichever is the earlier.

Award of costs incurred by condemnation proceedings.

Section 13. Where a condemnation proceeding is instituted by an agency to acquire real property for a program or project for which federal financial assistance is available, and the final judgment is that the real property cannot be acquired by condemnation or that the proceeding is abandoned, the owner of any right, title, or interest in such real property shall be paid such sum as will, in the opinion of the court, reimburse such owner for his reasonable attorney, appraisal, and engineering fees, actually incurred because of the condemnation proceedings. The award of such sums will be paid by the agency which sought to condemn the property.

Inverse condemnation proceedings.

Section 14. Where an inverse condemnation proceeding is instituted by the owner of any right, title, or interest in real property because of the alleged taking of his property for any program or project for which federal financial assistance will be available to pay all or any

HeinOnline -- 1971 vol. II 1834 1971

part of the cost of the program or project, the court, rendering a judgment for the plaintiff in such proceeding and awarding compensation for the taking of property, or attorney for the acquiring agency effecting a settlement of any such proceeding, shall determine and award or allow to such plaintiff, as a part of such judgment or settlement, such sum as will, in the opinion of the court or such attorney, reimburse such plaintiff for his reasonable costs, disbursements, and expenses including reasonable attorney, appraisal, and engineering fees, actually incurred because of such proceeding.

Determination of compensation.

Section 15. (1) Where any interest in real property is acquired for a program or project for which federal assistance will be available to pay all or any part of the cost of the program or project, the acquiring agency shall acquire an equal interest in all buildings, structures, or other improvements located upon the real property so acquired and which are required to be removed from such real property or which the acquiring agency determines will be adversely affected by the use to which such real property will be put.

(2) For the purpose of determining the just compensation to be paid for any building, structure, or other improvement required to be acquired by subsection (1) of this section, such building, structure, or other improvement shall be deemed to be a part of the real property to be acquired notwithstanding the right or obligation of a tenant, as against the owner of any other interest in the real property, to remove such building, structure, or improvement at the expiration of his term, and the fair market value which such building, structure, or improvement contributes to the fair market value of the real property to be acquired, or the fair market value of such building, structure, or improvement for removal from the real property, whichever is the greater, shall be paid to the tenant therefor.

Payment for such buildings, structures, or improvements as set forth in this subsection (2) shall not result in duplication of any payments otherwise authorized by state law. No such payment shall be made unless the owner of the land involved disclaims all interest in the improvements of the tenant. In consideration for any such payment the tenant shall assign, transfer, and release

HeinOnline -- 1971 vol. II 1835 1971

all his right, title, and interest in and to such improvements. Nothing in this subsection (2) shall be construed to deprive the tenant of any rights to reject payment and to obtain payment for such property interests in accordance with other laws of the state.

Eminent domain awards.

Section 16. No payment or assistance provided for in this act shall be required to be made by an agency if the displaced person receives a payment required by the laws of eminent domain which is determined by the agency to have substantially the same purpose and effect as such payment under this act.

Clarifying clause.

Section 17. (1) The provisions of section 7 of this act create no rights or liabilities and shall not affect the validity of any property acquisition by purchase or condemnation.

(2) Nothing in this act shall be construed as creating in any condemnation proceedings brought under the power of eminent domain any element of value or damage not in existence immediately prior to the effective date of this act.

(3) Nothing in this act shall be construed as, directly or indirectly, granting any new or additional power of eminent domain.

Act not to apply—when.

Section 18. This act shall apply to all acquisitions of real property by an agency for a program or project for which federal financial assistance is available to pay all or any part of the cost.

Approved June 25, 1971.

budget, except for salaries which must not exceed by more than ten per centum (10%) the amount appropriated and authorized for such item under the appropriation contained in the budget approved and adopted for the fiscal year immediately preceding and except for capital outlay, election expenses, expenditures from county poor funds, and payment of emergency warrants and interest thereof, must not exceed by more than five per centum (5%) the amount appropriated and authorized for such item under the appropriation contained in the budget approved and adopted for the fiscal year immediately preceding, and the total amount appropriated and authorized to be expended from any fund, except for capital outlay, election expenses and payment of emergency warrants and interest thereon, shall not exceed by more than five per centum (5%) the total amount appropriated and authorized for all purposes, except for salaries which must not exceed ten per centum (10%) the amount appropriated and authorized from such fund under the appropriation made from such fund in the budget adopted for the fiscal year immediately preceding and except for capital outlay, election expenses, expenditures from county poor funds, and payment of emergency warrants, from such fund under the appropriation made from such fund in the budget approved and adopted for the fiscal year immediately preceding, provided further that the foregoing limitations shall not apply to appropriations and expenditures authorized to be made from the county poor fund for payment of bonds and emergency warrants and interest thereon; and provided further that the total expenditures authorized to be made from any fund, including reserve added thereto as hereinafter provided, shall not, in any event, exceed the aggregate of the cash balance in such fund at the close of the fiscal year immediately preceding, the amount of estimated revenues to accrue to such funds, as determined and fixed in the manner herein provided, and the amount which may be raised for such fund by a lawful tax levy during the fiscal year.

(3) The board shall then determine and fix the amount to be raised for each fund by tax levy by adding together the cash balance in the fund at the close of the fiscal year immediately preceding and the amount of the estimated revenues, if any to accrue thereto during the cur-

HeinOnline -- 1971 vol. II 1838 1971

rent fiscal year, as before ascertained and determined, and then deducting the total amount so obtained from the total amount of the appropriations and authorized expenditures from the fund as determined and fixed by said board, the amount remaining being the amount necessary to be raised for the fund by tax levy during the current fiscal year; provided that the board may add to the amount so found necessary to be raised for any fund by tax levy during the current fiscal year, an additional amount as a reserve to meet and care for expenditures to be made from such fund during the months of July to November, inclusive, of the next ensuing fiscal year under the annual budget to be thereafter adopted for such next ensuing fiscal year, but the amount which may be so added to any fund, as such reserve for such purpose, shall not exceed one-third of the total amount appropriated and authorized to be expended from such fund during the current fiscal year, after deducting from the amount of such appropriations and authorized expenditures the total amount, if any, therein appropriated and authorized to be expended for election expenses and payment of emergency warrants; provided further that the total amount, to be raised by tax levy for any fund, during such current fiscal year, including the amount of such reserve and any amount for payment of election expenses and emergency warrants, must not exceed the total amount which may be raised for such fund by a tax levy which does not exceed the maximum levy permitted by law to be made for such fund.

Transfer of funds.

If the cash balance remaining in any of the several county funds, except the school fund, at the end of a fiscal year, exceeds the amount to be budgeted to that fund, such excess may be transferred to other funds as the county commissioners deem for the best interest of the county after a public hearing. Notice of said hearing must be given not less than thirty (30) days prior to said hearing by publication in a newspaper of general circulation in the county and by posting in five (5) public places. Said notice must state the date, time and place of said hearing and state generally the purpose and proposed use of said funds.

(4) The budget as finally determined, in addition to setting out separately each item for which any appropriation or expenditure is authorized and the fund out of

HeinOnline -- 1971 vol. II 1839 1971

which the same is to be paid, shall set out the total amount appropriated and authorized to be expended from each fund, the cash balance in the fund at the close of the last preceding fiscal year, the amount, if any, which it is estimated will accrue to the fund from sources other than taxation, the reserve, if any, for the next ensuing fiscal year, and the amount necessary to be raised for each fund by tax levy during the current fiscal year. The board shall then by resolution approve and adopt the budget as so finally determined and enter the same at length and in detail in the official minutes of the board.

(5) On the second Monday in August, and after the approval and adoption of the final budget, the board of county commissioners shall fix the tax levy for each fund at such rate as will raise the amount set out in such budget as the amount necessary to be raised by tax levy for such fund during the current fiscal year, and no more; provided, that the taxable valuation of the county for the then current fiscal year shall be the basis for determining the amount of the tax levy for each fund, and each tax levy shall be at a rate no higher than is required on such basis, without including any amount for anticipated tax delinquency, to produce the amount set out in the budget without including any amount for anticipated tax delinquency, as being the amount to be raised by tax levy, and shall be made in the manner provided by section 84-3802.

(6) The county clerk and recorder shall, not later than the fifteenth day of September following, forward a full, complete, itemized and detailed copy of the final budget, together with the tax levies made therefor, to the state examiner. If any county clerk and recorder shall fail, refuse, or neglect to forward such copy of the budget to the state examiner within such time, the state examiner shall, before the first day of October immediately following, notify the board of county commissioners of such county that such copy of budget has not been forwarded to him by the county clerk and recorder, and such board of county commissioners must thereupon withhold from said county clerk and recorder his salary for the month of September until such time as such county clerk and recorder shall file with such board a receipt

HeinOnline -- 1971 vol. II 1840 1971

from the state examiner showing the receipt by him of such copy."

A multi-member district may be divided into single-member districts within a senatorial district.

Section 3. A multi-member district may be divided into single-member districts within a senatorial district in the following manner:

(1) Eight percent (8%) of the registered voters of the multi-member district as determined by the last registration lists applicable to the counties in such multi-member districts must first petition and said petition shall substantially meet all of the requirements of a petition for initiative and referendum as provided in sections 37-101, 37-102 and 37-103, R.C.M. 1947, for such division. If the multi-member district is located within a single county, the petition signed by the required number of voters shall be filed with the clerk and recorder of that county. If the multi-member district embraces areas in more than one (1) county, the required petition shall be filed in the office of the clerk and recorder of any county embraced in whole or in part in the district and certified copies of such petition shall be sent by that clerk and recorder to the clerks and recorders of all other counties embraced in whole or in part in such multi-member districts.

(2) The clerks and recorders with whom such petitions, whether originals or certified copies, are filed shall as promptly as possible examine such petition as to the signatures thereon which are of residents of their respective counties and shall certify to the clerk and recorder of the county in which the original petition was filed as to the number of valid signatures on said petition as to the number of registered voters in their respective counties and included within the multi-member district. The clerk and recorder with whom the original petition was filed shall also as promptly as possible examine the petition as to the signatures thereon which are of residents of his county and shall determine the number of valid signatures as to his county. Upon receipt of the certificates of the other clerks and recorders, the clerk and recorder with whom the original petition was filed shall total the number of valid signatures on said petition and, if such petition contains valid signatures of at least eight percent (8%) of the registered voters of the multi-member district, he shall so certify to the county commissioners of each county affected in whole or in part.

HeinOnline -- 1971 vol. II 1848 1971

(3) The county commissioners of each county affected in whole or in part, upon receipt of the certification by the clerk and recorder, shall meet together as promptly as possible and shall establish a time of election, at which shall be presented the question whether the district shall be divided into single-member districts.

(4) If a majority of the voters voting at such election shall vote in favor of dividing the multi-member district, the county commissioners of the affected counties shall meet together as promptly as possible after the results of such election have been certified, and shall divide the multi-member district into single-member districts. Any such plan of division shall require the approval of the majority of the commissioners of each of the counties affected.

(5) Single-member districts shall be as compact as possible, comprise contiguous territory and shall be as nearly equal as practicable in population. Boundaries of the single-member districts shall follow the census enumerator division lines.

Senators—terms.

Section 4. The senators shall be elected for the term of four (4) years and they shall be divided into two (2) classes with terms concluding in alternate bienniums. The terms of office of those senators in districts 8, 13, 16, 17, 18, 20, 21 and 22 will continue as they presently exist, and they will run for reelection upon expiration of their present terms of office. The terms of office of all other senators will expire on the first Monday of January 1973.

The senators elected in districts 1, 2, 5 and 6 shall be elected for a term of four (4) years. The senators elected in districts 3, 4, 11, 12, 14, 15, 19 and 23 shall, pursuant to the regulations to be promulgated by the secretary of state, draw lots for the purpose of determining which of said elected senators of said districts shall serve for four (4) years and which shall serve for two (2) years to the end that in each of the said districts, insofar as possible, one-half (½) of the senators shall serve for four (4) years and one-half (½) for two (2) years; provided, however, that in districts 11 and 12 the senators there elected shall draw lots to determine which one of the three in each district shall be subject to the drawing hereinafter mentioned.

HeinOnline -- 1971 vol. II 1849 1971

The remaining senators from districts 11 and 12 shall themselves draw lots to determine which shall serve for four (4) years and which shall serve for two (2) years. The names of elected senators from districts 7, 9 and 10 including the one (1) from each of districts 11 and 12, aforesaid, shall be placed in a receptacle from which the secretary of state shall draw three (3) names. The senators whose names are thus drawn shall serve for four (4) years and the remainder not drawn shall serve for two (2) years.

Severability clause.

Section 5. If any clause, sentence, paragraph, section, or any part of this act shall be declared and adjudged to be invalid and/or unconstitutional, such invalidity or unconstitutionality shall not affect, impair, invalidate or nullify the remainder of this act.

Repealing clause.

Section 6. Sections 43-106.1 and 43-106.2, R.C.M. 1947, are repealed.

Effective date.

Section 7. This act shall be effective upon passage and approval.

Approved June 29, 1971.

CHAPTER NO. 9

An Act Providing For a Referendum to be Submitted to the Electors in November 1971 for a Law Which Provides for the Levying of a Two Percent (2%) Sales and Use Tax to Support State Government; Providing for the Administration Thereof and for Penalty in Case of Violation Thereof; Providing for an Income Tax Refund or Credit for Sales and Use Tax Upon Food, Drugs and Related Iitems; Providing an Increase in Income Tax Surtax to Forty Percent (40%) by Amending Section 84-4902.1, R.C.M. 1947, for Calendar Year 1971 if the Referendum Passes; Providing for the Continuance of Such Surtax Rate to December 31, 1972 if the Referendum Fails; Providing for Repeal of Acts or Parts of Acts in Conflict Herewith and Providing Effective Dates.

Be it enacted by the Legislative Assembly of the State of Montana:

Title.

Section 1. **Title of Act.** This act is known and may be cited as "The 1971 Montana Revenue Act."

HeinOnline -- 1971 vol. II 1850 1971

Section 2. **Definitions.** The following words, terms, and phrases shall have the meanings ascribed to them in this section, except when the context clearly indicates a different meaning: Definitions.

(1) "Person" means any individual, firm, copartnership, cooperative, nonprofit membership corporation, joint venture, association, corporation, estate, trust, business trust, trustee in bankruptcy, receiver, auctioneer, syndicate, assignee, club, society, or other group or combination acting as a unit, body politic or political subdivision, whether public or private, or quasi-public, and the plural as well as the singular number. "Person."

(2) "Sale" means any transfer of title or possession, or both, exchange, barter, lease or rental, conditional or otherwise, in any manner or by any means whatsoever, of tangible personal property and any rendition of a taxable service for a consideration, and includes the fabrication of tangible personal property for consumers who furnish, either directly or indirectly, the materials used in fabrication; and the furnishing, preparing, or serving for a consideration of any tangible personal property consumed on the premises of the person furnishing, preparing, or serving such tangible personal property. A transaction whereby the possession of property is transferred but the seller retains title as security for the payment of the price shall be deemed a sale. "Sale."

(3) "Retail sale" or a "sale at retail" means a sale to a consumer or to any person for any purpose other than for resale in the form of tangible personal property or services taxable under this act, and includes any such transaction as the state board of equalization upon investigation finds to be in lieu of a sale; but sales for resale must be made in strict compliance with rules and regulations made under this act. Any person making a sale for resale which is not in strict compliance with such rules and regulations shall himself be liable for and pay the tax. "Retail sale" and a "sale at retail" include: "Retail sale or a sale at retail." Definition includes.

(i) the sale or charges for any room or rooms, lodging or accommodations furnished to transients by any hotel, motel, inn, tourist camp, tourist cabin, camping grounds, club, or any other place in which rooms, lodg-

HeinOnline -- 1971 vol. II 1851 1971

ing, space, or accommodations are regularly furnished to transients for a consideration. A transient is a person who occupies rooms, lodgings, or accommodations for less than a period of sixty (60) continuous days.

(ii) sales of tangible personal property to persons for resale if, because of the operation of the business or its very nature, or the lack of a place of business in which to display a certificate of registration, or the lack of a place of business in which to keep records, or the lack of adequate records, or because the persons are minors or transients, or because the persons are engaged in essentially service businesses, or for any other reason, there is likelihood that the state will lose tax funds due to the difficulty of policing the business operations. The state board of equalization may promulgate rules and regulations requiring vendors of or sellers to such persons to collect the tax imposed by this act on the cost price of the tangible personal property to such persons and may refuse to issue certificates of registration to such persons.

(iii) the sale or charge of admissions.

(iv) the charge for the service of printing or imprinting, photographing, or copying by any means whatsoever for a consideration for persons who furnish either directly or indirectly the materials used in conjunction with the rendition of the service.

(v) the charge for barber and beauty services to persons and animals for a consideration whether or not any tangible personal property is transferred in conjunction with the performance of the service.

(vi) the charge for motor vehicle parking service or parking space in privately owned parking lots or garages and the charge for docking or storage space for boats in privately owned boat docks or marinas.

(vii) the furnishing of intrastate telephonic and telegraphic communications and services.

"Gross sales."

(4) "Gross sales" means the sum total of all retail sales of tangible personal property or services as defined in this act, without any deduction whatsoever of any kind or character, except as provided in this act. "Gross sales" do not include the federal retailers' ex-

HeinOnline -- 1971 vol. II 1852 1971

cise tax if this excise tax is billed to the purchaser separately from the selling price of the article, or the retail sales or use tax, or any sales tax imposed by any county or city.

"Sale price." (5) "Sales price" means the total amount for which tangible personal property or services are sold, including any services that are a part of the sale, valued in money, whether paid in money or otherwise, and includes any amount for which credit is given to purchaser, consumer, or lessee by the dealer, without any deduction therefrom on account of the cost of the property sold, the cost of materials used, labor or service costs, losses or any other expenses whatsoever; but cash discounts allowed and taken on sales are not included in the sales price; nor shall the sales price include finance charges, carrying charges, service charges or interest from credit extended on sales of tangible personal property under conditional sales contracts or other conditional contracts providing for deferred payments of the purchase price or transportation charges separately stated. If used articles are taken in trade, or in a series of trades as a credit or part payment on the sale of new or used articles, the tax levied by this act shall be paid on the net difference between the sales price of the new or used articles and the credit for the used articles. In the case of motor vehicles the proceeds of the tax levied under this act shall be deposited in the general fund and not credited to the state highway fund irrespective of any other provision of law.

"Cost price." (6) "Cost price" means the actual cost of an item or article of tangible personal property computed in the same manner as the sales price in subparagraph (5) of this section without any deductions therefrom on account of the cost of materials used, labor, or service costs, transportation charges, or any expenses whatsoever.

"Lease or rental." (7) "Lease or rental" means the leasing or renting of tangible personal property and the possession of use thereof by the lessee or rentee for a consideration, without transfer of the title to the property.

"Distribution." (8) "Distribution" includes the transfer or delivery of tangible personal property for use, consumption, or storage by the distributee, and the use, consumption, or

HeinOnline -- 1971 vol. II 1853 1971

storage of tangible personal property by a person who has processed, manufactured, refined, or converted the property, but does not include the transfer or delivery of tangible personal property for resale or any use, consumption, or storage otherwise exempt under this act.

"Gross proceeds." (9) "Gross proceeds" means the charges made or voluntary contributions received for the lease or rental of tangible personal property or for furnishing services, computed with the same deductions, where applicable, as for sales price in subsection (b) of this section over the term of the lease, rental, service, or use, but not less frequently than monthly.

"Storage." (10) "Storage" means any keeping or retention of tangible personal property for use, consumption or distribution in this state, or for any purpose other than the sale at retail in the regular course of business.

"Use." (11) "Use" means the exercise of any right or power over tangible personal property incident to the ownership thereof, except that it does not include the sale at retail of that property in the regular course of business.

"Business." (12) "Business" means any activity engaged in by any person, or caused to be engaged in by him, with the object of gain, benefit or advantage, either direct or indirect.

"Retailer." (13) "Retailer" means every person engaged in the business of making sales of tangible personal property and taxable services as defined in this act.

"Tangible personal property." (14) "Tangible personal property" means personal property, which may be seen, weighed, measured, felt, or touched, or is in any other manner perceptible to the senses. The term "tangible personal property" does not include stocks, bonds, notes, insurance or other obligations or securities.

"Use tax." (15) "Use tax" means the tax imposed upon the use, consumption, distribution, and storage of tangible personal property as herein defined.

"In this state or in the state." (16) "In this state" or "in the state" means within the exterior limits of the state of Montana and includes all territory within these limits owned by or ceded to the United States of America.

HeinOnline -- 1971 vol. II 1854 1971

"Import and imported."

(17) The words "import" and "imported" apply to tangible personal property imported into this state from other states as well as from foreign countries, and the words "export" and "exported" apply to tangible personal property exported from this state to other states as well as to foreign countries.

Imposition of sales tax.

Section 3. **Imposition of Sales Tax.** There is hereby levied and imposed, in addition to all other taxes and fees of every kind now imposed by law, a license or privilege tax upon every person who engages in the business of selling at retail or distributing tangible personal property in this state, or who rents or furnishes any of the things or services taxable under this act, or who stores for use or consumption in this state any item or article of tangible personal property as defined in this act, or who leases or rents such property within this state, the same to be collected in the amount to be determined by applying the rate of two percent (2%) to:

(1) the sales price of each item or article of tangible personal property when sold at retail or distributed in state, the tax to be computed on gross sales.

Exclusions and exemptions.

Section 5. **Exclusions and Exemptions.** "Retail sale" or "sale at retail," do not include the sale of:

(1) tangible personal property which becomes an ingredient or component part, or is consumed or destroyed or loses its identity in the manufacture of tangible personal property for later sale but does include fuel and electricity;

Credit for taxes paid in another state.

Section 6. **Credit for taxes paid in another state.** A credit shall be granted against the taxes imposed by this act with respect to a person's use in this state of tangible personal property purchased by him in another state. The amount of the credit shall be equal to the tax paid by him to another state or political subdivision thereof by reason of the imposition of a similar tax on his purchase or use of the property. The amount of the credit shall not exceed the tax imposed by this act.

Applicability or inapplicability of use tax in certain cases.

Section 7. **Applicability or inapplicability of Use Tax in certain cases.** The use tax does not apply to tangible personal property owned or acquired in this state or imported into this state, or held or stored in this state, prior to the effective date of this act. The use tax does apply to all tangible personal property imported or caused to be imported into this state on or after the effective date of this act except as provided in this act, unless the property has previously been subject to a sales or use tax in another state or political subdivision equal or greater than the tax imposed by this act for which credit is given under section 6, or unless proof is furnished that the tangible personal property imported or caused to be imported into this state was owned or acquired prior to the effective date of this act, or otherwise is exempt under this act, but the use tax does not apply to the use of any article or tangible personal property brought into the state by a non-resident individual for his personal use while visiting within the state.

Moving residence or business into state—use tax.

Section 8. **Moving residence or business into state; Use Tax.** The use tax does not apply to tangible personal property purchased outside this state for use outside this state by a then non-resident natural person or a business entity not actually doing business within this state who or which later brings the tangible personal property into this state in connection with his establishment of a permanent residence or business in this state, provided that the property was purchased more than six (6) months prior to the date it was first brought into this state or prior to the establishment of the residence or business, whichever first occurs. This section

HeinOnline -- 1971 vol. II 1858 1971

does not apply to tangible personal property temporarily brought into this state for the performance of contracts for the construction, reconstruction, installation, repair, or for any other service with respect to real estate or fixtures thereon.

Diversion of tangible personal property to personal use.

Section 9. **Diversion of tangible personal property to personal use.** The use tax applies to tangible personal property and taxable services of persons holding themselves out as sellers of goods and services when tangible personal property or taxable services are diverted to the personal use of the person, his family, or his employees.

Dealers.

Section 10. **Dealers.** The tax levied in section 3 and section 4 shall be collected from "dealers." For the purpose of this act, "dealer" means:

(1) any person physically located in this state who:

(i) manufactures or produces tangible personal property for sale at retail, for use, consumption, or distribution, or for storage to be used or consumed in this state;

(ii) imports or causes to be imported into this state tangible personal property from any state or foreign country, for sale at retail for use, consumption, or distribution, or for storage to be used or consumed in this state;

(iii) sells at retail, or offers for sale at retail, or has in possession for sale at retail, or for use, consumption, or distribution, or for storage to be used or consumed in this state, tangible personal property and taxable services as defined in this act;

(iv) has sold at retail, or used, consumed, or distributed, or stored for use or consumption in this state, tangible personal property or who has performed taxable services, and who cannot prove that the tax levied by this act has been paid on the sale at retail, the use, consumption, distribution, or storage of such tangible personal property or the charge for the rendition of taxable services;

(v) leases or rents tangible personal property, as defined in this act, for a consideration, permitting the use or possession of the property without transferring title thereto; and

HeinOnline -- 1971 vol. II 1859 1971

(2) every other person who:

(i) maintains or has within this state, directly, or by an agent or a subsidiary, an office, distributing house, sales room, or house, warehouse, or other place of business;

(ii) solicits business in this state either by employees, independent contractors, agents or other representatives, and by reason thereof makes sales to persons within this state of tangible personal property, the use of which is taxed by this act; and any other person making sales to persons within this state of tangible personal property, the use of which is taxed by this act, who may be authorized by the state board of equalization to collect such tax;

(iii) as a representative, agent, or solicitor, for an out-of-state principal, solicits, receives and accepts orders from persons in this state for future delivery and whose principal refuses to register under this act;

(iv) shall become liable to and shall owe this state any amount of tax imposed by this act, whether or not he holds, or is required to hold, a certificate of registration under this act.

Contractors.

Section 11. **Contractors.** (a) Any person who contracts orally, in writing, or by purchase order, to perform construction, reconstruction, installation, repair, or any other service with respect to real estate or fixtures thereon and in connection therewith to furnish tangible personal property or taxable services, shall be deemed to have purchased the tangible personal property for use or consumption. Any sale, distribution, or lease to or storage for such person shall be deemed a sale, distribution, or lease to or storage for the ultimate consumer and not for resale, and the dealer making the sale, distribution, or lease to or storage for the person shall collect the tax to the extent required by this act.

(b) Any person who contracts to perform services in this state and is furnished tangible personal property for use under the contract by the person, or his agent or representative, for whom the contract is performed, and if a sale or use tax has not been paid to this state by the person supplying the tangible personal property,

HeinOnline -- 1971 vol. II 1860 1971

shall be deemed to be the consumer of the tangible personal property so used, and shall pay a use tax based on the fair market value of the tangible personal property so used, irrespective of whether or not any right, title or interest in the tangible personal property becomes vested in the contractor; but this subsection does not apply to the sale of tangible personal property which becomes an ingredient or component part of, or is consumed or destroyed or loses its identity in the manufacture of tangible personal property for later sale or governmental exclusion set out in section 5 of this act.

(c) Any person who contracts orally, in writing, or by purchase order to perform any service in the nature of equipment rental, and the principal part of that service is the furnishing of equipment or machinery which will not be under the exclusive control of the contractor, shall be liable for the sale or use tax on the gross proceeds from such contract to the same extent as the lessor of tangible personal property.

(d) Tangible personal property incorporated in real property construction which loses its identity as tangible personal property shall be deemed to be tangible personal property used or consumed within the meaning of this section.

(e) Nothing in this section shall be construed to affect or limit the resale exclusion provided for in this act, nor shall anything contained herein be construed to impose any sales or use tax with respect to the use in the performance of contracts with the United States or this state and its political subdivisions, of tangible personal property owned by a governmental body which actually is not used or consumed in the performance thereof.

Certificates of registration.

Section 12. **Certificates of registration.** (a) Every person desiring to engage in or conduct business as a dealer in this state shall file with the state board of equalization an application for a certificate of registration for each place of business in this state.

(b) Every application for a certificate of registration shall be made upon a form prescribed by the state board of equalization and shall set forth the name under which the applicant transacts or intends to transact

HeinOnline -- 1971 vol. II 1861 1971

business, the location of his place or places of business, and such other information as the state board of equalization requires. The application shall be signed by the owner if a natural person; in the case of an association or partnership, by a member or partner; in the case of a corporation, by an executive officer or some person specifically authorized by the corporation to sign the application.

(c) When the required application has been made the state board of equalization shall issue to each applicant a separate certificate of registration for each place of business within this state. A certificate of registration is not assignable and is valid only for the person in whose name it is issued and for the transaction of business at the place designated therein. It shall be at all times conspicuously displayed at the place for which issued.

(d) Whenever any person fails to comply with any provision of this act or any rule or regulation of the state board of equalization relating thereto, the state board of equalization, upon hearing after giving such person ten (10) days notice in writing, specifying the time and place of hearing and requiring him to show cause why his certificate of registration should not be revoked or suspended, may revoke or suspend any one or more of the certificates of registration held by such person. The notice may be personally served or served by certified mail directed to the last known address of the person. A dealer whose certificate of registration has been previously suspended or revoked shall pay the state board of equalization a fee of twenty dollars ($20) for the renewal or reissuance of a certificate of registration.

(e) Any person who engages in business as a dealer in this state without obtaining a certificate of registration or after a certificate of registration has been suspended or revoked, and each officer of any corporation which so engages in business is guilty of a misdemeanor; each day's continuance in business in violation of this section is a separate offense.

(f) If the holder of a certificate of registration ceases to conduct his business at the place specified in his certificate, the certificate expires; and the holder shall inform the state board of equalization in writing

HeinOnline -- 1971 vol. II 1862 1971

within thirty (30) days after he has ceased to conduct the business at that place; but, if the holder of a certificate of registration desires to change his place of business to another place in this state, he shall so inform the state board of equalization in writing, and his certificate shall be revised accordingly.

(g) This section also applies to any person who engages in the business of furnishing any of the things or services taxable under this act. Also, it applies to any person who is liable only for the collection of the use tax, but that person may be issued a certificate of registration in relevant form.

Exemption certificates.

Section 13. **Exemption certificates.** (a) All sales or leases are subject to the tax until the contrary is established. The burden of proving that a sale, distribution, lease, or storage of tangible personal property is not taxable is upon the person who makes the sale, distribution, lease, or storage, unless he takes from the purchaser or lessee a certificate to the effect that the property is exempt under this act.

(b) The certificate mentioned in this section relieves the person who takes the certificate from any liability for the payment or collection of the tax, except upon notice from the state board of equalization that the certificate is no longer acceptable. The certificate shall be signed by and bear the name and address of the purchaser or lessee, indicate the number of the certificate of registration (if any) issued to the purchaser, or lessee, indicate the general character of the taxable service rendered or tangible personal property sold, distributed, leased, or stored (or to be sold, distributed, leased, or stored under a blanket exemption certificate) and be substantially in such form as the state board of equalization prescribes.

(c) If a purchaser or lessee who gives a certificate under this section makes any use of the property other than an exempt use or retention, demonstration, or display while holding property for resale, distribution, or lease in the regular course of business, the use shall be deemed a taxable sale by the purchaser or lessee as of the time the property or service is first used by him, and the cost of the property to him shall be deemed the sales

HeinOnline -- 1971 vol. II 1863 1971

price of the retail sale. If the sole use of the property other than retention, demonstration, or display in the regular course of business is the rental of the property while holding it for sale, distribution, or lease, the purchaser shall pay the tax on the cost of the property to him and when the property is sold shall collect and pay the tax on the difference between the cost of the property to him and the retail sales price.

(d) If a purchaser gives a certificate under this section with respect to the purchase of fungible goods and thereafter commingles these goods with other fungible goods not so purchased, but of such similarity that the identity of the constituent goods in the commingled mass cannot be determined, sales or distribution from the mass of commingled goods shall be deemed to be sales or distributions of the goods so purchased until a quantity of commingled goods equal to the quantity of purchased goods so commingled has been sold or distributed.

Collection.

Section 14. **Collection.** The tax levied by this act shall be paid by the dealer, but the dealer shall separately state the amount of the tax and add the tax to the sales price or charge; and thereafter, the tax shall be a debt from the purchaser, consumer, or lessee to the dealer until paid and shall be recoverable at law in the same manner as other debts, but no action at law or suit in equity under this act may be maintained in this state by any dealer who is not registered under this act, or is delinquent in the payment of the taxes imposed under this act.

To eliminate separate statement of the amount of tax in franctions of one cent (1¢), dealers shall add to the sales price or charge and collect from the purchaser, consumer, or lessee such amounts as may be prescribed by the state board of equalization to carry out the purposes of this section.

Notwithstanding any exemption from taxes which any dealer enjoys under the Constitution or laws of this or any other state, or of the United States, the dealer shall collect the tax from the purchaser, consumer, or lessee and shall pay it over to the state board of equalization as herein provided.

Any dealer who neglects, fails, or refuses to collect the tax upon each and every taxable sale, distribution,

HeinOnline -- 1971 vol. II 1864 1971

lease or storage of tangible personal property made by him, his agents, or employees shall be liable for and pay the tax himself, and the dealer shall not thereafter be entitled to sue for or recover in this state any part of the purchase price or rental from the purchaser until the tax is paid. Also, any dealer who neglects, fails or refuses to pay or collect the tax herein provided, either by himself or through his agents or employees, is guilty of a misdemeanor.

Absorption of tax prohibited.

Section 15. **Absorption of tax prohibited.** No person shall advertise or hold out to the public, in any manner, directly or indirectly, that he will absorb all or any part of the sales or use tax, or that he will relieve the purchaser, consumer, or lessee of the payment of all or any part of the tax, except as authorized under section 31. Any person who violates this section is guilty of a misdemeanor.

Returns by dealers.

Section 16. **Returns by dealers.** Every dealer required to collect or pay the sales or use tax, on or before the twenty-eighth day of the month following the month in which the tax shall become effective, shall transmit to the state board of equalization, upon a form prescribed, prepared and furnished by the state board of equalization, a return showing the gross sales, gross proceeds, or cost price, as the case may be, arising from all transactions taxable under this act during the preceding calendar month; and thereafter a like return shall be prepared and transmitted to the state board of equalization by every dealer on or before the twenty-eighth day of each month, for the preceding calendar month. The return also shall contain a statement showing the amount in each class of exclusions and exemptions which are not subject to the tax imposed by this act, or if the form so provides, the total amount thereof without specifying each class. In the case of dealers regularly keeping books and accounts on the basis of an annual period which varies fifty-two (52) to fifty-three (53) weeks, the state board of equalization may make rules and regulations for reporting consistent with the accounting period. When the tax for which any dealer is liable under this act does not exceed five dollars ($5) in any month, or sixty dollars ($60) in any annual reporting period, the state board of equalization may permit a dealer upon written application to file an annual return and pay the amount

HeinOnline -- 1971 vol. II 1865 1971

of tax due on the last day of the month following the end of the annual period. When the tax for which any dealer is liable under this act does not exceed ten dollars ($10) in any month, or sixty dollars ($60) in any annual reporting period, the state board of equalization may permit a dealer upon written application to file a quarterly return and pay the amount of tax due on the last day of the month following end of the quarterly period.

Payment to accompany dealer's return.

Section 17. **Payment to accompany dealer's return.** At the time of transmitting to the state board of equalization the return required under section 16, the dealer shall remit to the state board of equalization therewith the amount of tax due under the applicable provisions of this act after making appropriate adjustments for purchases returned, repossessions, and accounts uncollectible and charged off as provided in sections 18, 19, and 20. The tax imposed by this act for each month becomes delinquent on the day following the twenty-eighth day of the succeeding month if not theretofore paid.

Returned goods.

Section 18. **Returned goods.** If purchases are returned to the dealer by the purchaser or consumer after the tax imposed by this act has been collected or charged to the account of the purchaser, the dealer is entitled to reimbursement of the amount of tax collected or charged by him, in the manner prescribed by the state board of equalization, but the amount of tax so reimbursed to the dealer shall not include the tax paid upon any cash retained by the dealer after the return of merchandise; and if the tax has not been remitted by the dealer, the dealer may deduct it in submitting his return. The dealer shall be issued a refund by the state board of equalization equal to the net amount remitted by the dealer for the tax collected if the dealer can establish that the tax was not due.

Repossessions.

Section 19. **Repossessions.** A dealer who has paid the tax on tangible personal property sold under a retained title, conditional sale, or similar contract, may take credit for the tax paid by him upon the unpaid balance due him when he repossesses the property, the credit to be administered by the state board of equalization in the same manner as provided for returned purchases under section 18. When repossessed property is resold, the sale is subject in all respects to this act.

HeinOnline -- 1971 vol. II 1866 1971

Bad debts.

Section 20. **Bad debts.** In any return filed under the provisions of this act, the dealer, under rules and regulations prescribed by the state board of equalization, may credit against the tax shown to be due on the return the amount of sales or use tax previously returned and paid on accounts which during the period covered by the current return have been found to be worthless and actually charged off for income tax purposes; except that if any accounts so charged off are thereafter in whole or in part paid to the dealer, the amount paid shall be included in the first return filed after the collection and the tax paid accordingly.

Extensions.

Section 21. **Extensions.** The state board of equalization may grant an extension upon written application therefor to the end of the calendar month in which any tax return is due hereunder or for a period not exceeding thirty (30) days, and no interest or penalty shall be charged, assessed or collected by reason of the granting of the extension, except that when an extension is granted beyond the end of the calendar month in which any tax return is due, interest on the tax at the rate of one-half (½) of one percent (1%) per month, or fraction thereof, shall be charged.

Civil penalties.

Section 22. **Civil penalties.** When any dealer fails to make any return and pay the full amount of the tax required by this act, there shall be imposed, in addition to other penalties provided herein, a specific penalty to be added to the tax in the amount of twenty-five dollars ($25) and ten percent (10%) of the tax due if the failure is for not more than thirty (30) days, with an additional five percent (5%) for each additional thirty (30) days, or fraction thereof, during which the failure continues, not to exceed twenty-five percent (25%) in the aggregate; but, if the failure is due to providential cause shown to the satisfaction of the state board of equalization, the return with remittance may be accepted exclusive of penalties. In the case of a false or fraudulent return, where willful intent exists to defraud the state of any tax due under this act, a specific penalty of fifty percent (50%) of the amount of the proper tax shall be assessed. All penalties and interest imposed by this act shall be payable by the dealer and collectible by the state board of equalization as if they were a part of the tax imposed.

HeinOnline -- 1971 vol. II 1867 1971

Assessment based on estimate.

Section 23. **Assessment based on estimate.** (a) If any dealer fails to make a return as provided by this act, or makes a grossly incorrect return, or a return that is false or fraudulent, the state board of equalization shall make an estimate for the taxable period of the retail sales or distributions of the dealer, or of the gross proceeds from leases of tangible personal property, or taxable services by the dealer, or the cost price of all articles of tangible personal property imported by the dealer for use or consumption in the state or storage by the dealer of tangible personal property to be used or consumed in the state, and assess the tax, plus penalties. The state board of equalization shall give the dealer ten (10) days notice in writing requiring the dealer to appear before him or an assistant with such books, records, and papers as he requires relating to the business of the dealer for the taxable period; and the state board of equalization may require the dealer or the agents and employees of the dealer to give testimony or to answer interrogatories under oath administered by the state board of equalization respecting the sale, distribution, lease, use, consumption, or storage of tangible personal property, or taxable services or the failure to make a return thereof as provided in this act. If any dealer fails to make any return or refuses to permit an examination of his books, records, or papers, or to appear and answer questions within the scope of an investigation relating to the sale, distribution, lease, use, consumption, or storage of tangible personal property, or taxable services, the state board of equalization may make the assessment based upon information available to it and issue a warrant for the collection of the taxes and penalties found to be due. The assessment shall be deemed prima facie correct.

(b) If the dealer has imported the tangible personal property and fails to produce an invoice showing the sales price of the articles, or the invoice does not reflect the true or actual sales price as defined in this act, the state board of equalization shall ascertain, in any manner feasible, the true sales price and assess and collect the tax, with penalties, to the extent they have accrued, on the true sales price as ascertained by it. The assessment shall be deemed prima facie correct.

(c) In the case of the lease of tangible personal property, if the consideration given or reported by the dealer,

HeinOnline -- 1971 vol. II 1868 1971

in the judgment of the state board of equalization, does not represent the true or actual consideration, the state board of equalization may fix it and assess and collect the tax thereon as above provided, with penalties as have accrued. The assessment shall be deemed prima facie correct.

Records.

Section 24. **Records.** (a) Every dealer required to make a return and pay or collect any tax under this act shall keep and preserve suitable records of the sales, leases, or purchases, as the case may be, taxable under this act, and other books of account as necessary to determine the amount of tax due hereunder, and other pertinent information as required by the state board of equalization; and every dealer shall keep and preserve for a period of four (4) years all invoices and other records of goods, wares, and merchandise, or other subjects of taxation under this act, and all the books, invoices, and other records shall be open to examination at all reasonable hours by the state board of equalization or any of its duly authorized agents.

(b) In order to aid in the administration and enforcement of the provisions of this act, all wholesalers and jobbers in this state shall keep a record of all sales of tangible personal property, whether the sales be for cash or on terms of credit. The records required to be kept by all wholesalers and jobbers shall include the name and address of the purchaser, the number of the certificate of registration issued to the purchaser, the date of the purchase, the article purchased, and the price at which the article is sold to the purchaser. These records shall be kept for a period of four (4) years and shall be open to the inspection of the state board of equalization (or its authorized agents) at all reasonable hours during the day. The failure of any wholesaler or jobber in this state to keep the records, or the failure of any wholesaler or jobber in this state to permit an inspection of the records by the state board of equalization as aforesaid, is a misdemeanor. Moreover, if any person who is both a retailer and a wholesaler or jobber fails to keep proper records showing wholesale sales and retail sales separately, he shall pay the tax as a retailer on both classes of his business.

(c) For the purpose of enforcing the collection of

HeinOnline -- 1971 vol. II 1869 1971

the tax levied by this act, the state board of equalization through its authorized agents may examine at all reasonable hours during the day the books, records, and other documents of all transportation companies, agencies, firms, or persons that conduct their business by truck, rail, water, airplane, or otherwise, in order to determine what dealers are importing or otherwise are shipping articles of tangible personal property which are liable for the tax. If the transportation company, agency, firm or person refuses to permit an examination of its or his books, records, and other documents by the state board of equalization, it or he shall be deemed guilty of a misdemeanor. Moreover, the state board of equalization may proceed by petitioning any court of record for an order citing the transportation company, agency, firm, or person to show cause before said court of record why the books, records, and other documents should not be examined pursuant to the injunction of the court, and why a bond should not be required with proper security in the penalty of not more than two thousand dollars ($2,000) conditioned upon compliance with the provisions hereof for a period of not more than one (1) year.

Sale of business.

Section 25. **Sale of business.** If any dealer liable for any tax, penalty, or interest levied hereunder sells out his business or stock of goods or quits the business, he shall make a final return and payment within fifteen (15) days after the date of selling or quitting the business. The return shall include any sales made at retail during liquidation. His successors or assigns, if any, shall withhold sufficient of the purchase money to cover the amount of taxes, penalties, and interest due and unpaid until the former owner produces a receipt from the state board of equalization showing that they have been paid or a certificate stating that no taxes, penalties, or interest are due. If the purchaser of a business or stock of goods fails to withhold the purchase money as above provided, he shall be personally liable for the payment of the taxes, penalties and interest due and unpaid on account of the operation of the business by any former owner. Nothing herein shall be deemed to qualify or limit the exemption as to such a sale as is covered by section 5.

Bond.

Sectcion 26. **Bond.** The state board of equalization, if necessary and advisable in order to secure the collec-

HeinOnline -- 1971 vol. II 1870 1971

tion of the tax levied by this act, may require any person subject to the tax to file with it a bond of a surety company authorized to do business in this state as surety, in such reasonable amount as the state board of equalization fixes, to secure the payment of any tax, penalty or interest due or which may become due from the person. In lieu of a bond, securities approved by the state board of equalization may be deposited with the state treasurer which securities shall be kept in the custody of the state treasurer, and shall be sold by him, at the request of the state board of equalization, at public or private sale, without notice to the depositor thereof, if necessary in order to recover any tax, penalty or interest due the state under this act. Upon the sale, the surplus, if any, above the amounts due under this act, shall be returned to the person who deposited the securities.

Jeopardy assessment.

Section 27. **Jeopardy assessment.** If the state board of equalization deems that the collection of any tax or any amount of tax, required to be collected and paid under this act, may be jeopardized by delay, it shall make an assessment of the tax or amount of tax required to be collected and shall mail or issue a notice of the assessment to the taxpayer together with a demand for immediate payment of the tax or of the deficiency in tax declared to be in jeopardy including penalties. In the case of a tax for a current period, the state board of equalization may declare the taxable period of the taxpayer immediately terminated and shall cause notice of the finding and declaration to be mailed or issued to the taxpayer together with a demand for immediate payment of the tax based on the period declared terminated and the tax shall be immediately due and payable, whether or not the time otherwise allowed by law for filing a return and paying the tax has expired. Assessments provided for in this section shall become immediately due and payable, and if any tax, penalty or interest is not paid upon demand of the state board of equalization, it shall proceed to collect it by legal process, or, in its discretion, it may require the taxpayer to file a bond sufficient to protect the interest of the state.

Direct payment permits.

Section 28. **Direct payment permits.** (a) Notwithstanding any other provisions of this act, the state board of equalization may authorize (1) a manufacturer, mine

operator, or public service corporation that is a user, consumer, distributor, or lessee to which sales, distributions, leases, or storage of tangible personal property are made under circumstances which normally make it impossible at the time thereof to determine the manner in which the property will be used by the person, or (2) any person who stores tangible personal property in this state for use both within and outside this state, to pay any tax levied by this act directly to this state and waive the collection of the tax by the dealer; but no such authority shall be granted or exercised except upon application to the state board of equalization and the issuance by the state board of equalization of a direct payment permit. If a direct payment permit is granted, payment of the tax on all sales, distributions, and leases, including sales, distributions, leases, and storage of tangible personal property and sales of taxable services for use known at the time thereof shall be made directly to the state board of equalization by the permit holder.

(b) On or before the twenty-eighth day of each month every permit holder shall make and file with the state board of equalization a return for the preceding month in the form prescribed by the state board of equalization showing the total value of the tangible personal property used, the amount of tax due from the permit holder (which amount shall be paid to the state board of equalization with such return) and such other information as the state board of equalization deems necessary. The state board of equalization, upon written request by the permit holder, may grant a reasonable extension of time for making and filing returns and paying the tax. Interest on the tax at the rate of one-half (½) of one percent (1%) per month, or fraction thereof, shall be charged on every extended payment.

(c) It is the duty of every permit holder required to make a return and pay tax under this section to keep and preserve suitable records of purchases, together with invoices of purchases, bills of lading, and other pertinent records and documents in the form the state board of equalization requires by regulation. All records and other documents shall be open during business hours to the state board of equalization or its duly authorized agents and shall be preserved for a period of four (4) years,

HeinOnline -- 1971 vol. II 1872 1971

unless the state board of equalization, in writing, authorizes their destruction or disposal at an earlier date.

(d) A permit granted pursuant to this section shall continue to be valid until surrendered by the holder or cancelled for cause by the state board of equalization.

(e) Persons who hold a direct payment permit which has not been cancelled shall not be required to pay the tax to the dealer as otherwise herein provided. Such persons shall notify each dealer from whom purchases or leases of tangible personal property are made of their direct payment permit number and that the tax is being paid directly to the state board of equalization. Upon receipt of the notice, the dealer shall be absolved from all duties and liabilities imposed by this act for the collection and remittance of the tax with respect to sales, distributions, leases, or storage of tangible personal property to the permit holder. Dealers who make sales upon which the tax is not collected by reason of the provisions of this section shall maintain records in such manner that the amount involved and identity of each purchaser may be ascertained.

(f) Upon the cancellation or surrender of a direct payment permit, the provisions of this act, shall thereafter apply to the person who previously held the permit, and the person shall promptly notify in writing dealers from whom purchases, leases, and storage of tangible personal property are made of the cancellations or surrender. Upon receipt of the notice, the dealer shall be subject to the provisions of this act, with respect to all sales, distributions, leases, or storage of tangible personal property thereafter made to the person.

Vending machine sales.

Section 29. **Vending machine sales.** Whenever a dealer makes sales of tangible personal property through vending machines, or in any other manner making collection of the tax impractical, the state board of equalization may authorize the dealer to prepay the tax and waive collection from the purchaser and may require the dealer to furnish bond sufficient to secure prepayment of the tax. The dealer shall be required to print upon the property sold or post on the vending machine a statement to the effect that the tax has been paid in advance. The terms and conditions of this section are inapplicable

HeinOnline -- 1971 vol. II 1873 1971

unless the dealer makes application to the state board of equalization for the authority herein contained, and unless the state board of equalization finds that the collection of the tax in the manner otherwise provided in this act is impractical.

Tax warrants.

Section 30. **Tax warrants.** The state board of equalization, when any tax becomes delinquent under this act, may issue a warrant for the collection of the tax, penalty, and interest from each delinquent taxpayer.

Erroneous assessments.

Section 31. **Erroneous assessments.** Upon any claim of an erroneous or illegal assessment or collection, the taxpayer shall have his remedy under section 84-4923.1, R.C.M. 1947. The section cited is applicable to all sales and use taxes imposed under this act.

Period of limitations.

Section 32. **Period of limitations.** The taxes imposed by this act shall be assessed within three (3) years from December 31 of the year in which the taxes became due and payable; but in the case of a false or fraudulent return with intent to evade payment of the taxes imposed by this act, or a failure to file a return, the taxes may be assessed, or a proceeding in court for the collection of such taxes may be begun without assessment at any time within six (6) years from December 31 of the year in which the taxes became due and payable.

Violation of act by dealer a misdemeanor.

Section 33. **Violation of act by dealer a misdemeanor.** Any dealer subject to the provisions of this act who fails or refuses to furnish any return herein required to be made, or fails or refuses to furnish a supplemental return or other data required by the state board of equalization, or who makes a false or fraudulent return with intent to evade the tax hereby levied, or who makes a false or fraudulent claim for refund, or who gives or knowingly receives a false or fraudulent exemption certificate, or who violates any other provision of this act. punishment for which is not otherwise herein provided, is guilty of a misdemeanor.

Administration.

Section 34. **Administration.** The state board of equalization shall administer and enforce the assessment and collection of the taxes and penalties imposed by this act. It shall design, prepare, print, and furnish to all dealers, or make available to them, all necessary forms for filing returns together with instructions to assure a full collec-

tion from dealers and an accounting for the taxes due, but failure of any dealer to receive or procure forms or instructions, or both, shall not relieve him from the payment of the tax at the time and in the manner herein provided.

Rules and regulations.

Section 35. **Rules and regulations.** The state board of equalization may make and publish reasonable rules and regulations not inconsistent with this act, other applicable laws, or the constitution of this state, or of the United States, for the enforcement of the provisions of this act and the collection of the revenue hereunder.

Administration of oaths.

Section 36. **Administration of oaths.** The state board of equalization and such other officers or employees of the department of taxation as the state board of equalization authorizes in writing, may administer oaths for the purpose of enforcing and administering the provisions of this act.

Secrecy of information.

Section 37. **Secrecy of information.** Except in accordance with proper judicial order, or as provided by law, it is unlawful for the state board of equalization (or any agent), auditor, or other officer or employee to divulge or make known in any manner the amount of sales, the amount of tax paid, or any other particulars set forth or disclosed in any return required by this act. Nothing in this act shall be construed to prohibit the publication of statistics so classified as to prevent the identity of particular reports or returns and the items thereof, or the inspection by the legal representative of this state of the report or return of any taxpayer who applies for a review or appeal from any determination or against whom an action or proceeding is about to be instituted or has been instituted to recover any tax or penalty imposed by this act.

Exchange of information with other tax officials.

Section 38. **Exchange of information with other tax officials.** The state board of equalization may furnish to the tax officials of any other state and its political subdivision, the political subdivisions of this state, the District of Columbia, and the United States and its territories, any information contained in tax returns and reports and related schedules and documents filed pursuant to the tax laws of this state, or in the report of an audit or investigation made with respect thereto; Provided,

HeinOnline -- 1971 vol. II 1875 1971

that said jurisdictions grant similar privileges to this state and that the information is to be used only for tax purposes.

Sales tax fund—creation—sales tax refund fund—appropriations.

Section 39. **Sales tax fund—creation—sales tax refund fund—appropriations.** (a) There is hereby created in the office of the state treasurer and subject to his control and custody a fund to be known and designated as the "Sales and Use Tax Fund".

(b) All moneys collected under this act shall be paid by the state board of equalization into the sales and use tax fund.

(c) A portion of the amount deposited in the "Sales and Use Tax Fund" not exceeding two hundred thousand dollars ($200,000) to June 30, 1972 and not exceeding seven hundred fifty thousand dollars ($750,000) in any fiscal year thereafter shall be retained and is hereby appropriated as a "Sales and Use Tax Administration and Enforcement Fund" for the purposes of administration and enforcement of this act; there shall be retained in the "Sales and Use Tax Fund" such amounts as are necessary for the purpose of repaying overpayments made under this act, for the purpose of paying any other erroneous receipts illegally assessed, collected, or which are excessive in amount, and for the payment of the income tax credits or refunds otherwise provided in this act and there is hereby appropriated from this fund so much as may be necessary for the payment of said refunds and credits.

The balance shall be paid into the general fund of the state of Montana.

Increase income surtax.

Section 40. **Increased income surtax.** Section 84-4902.1, R.C.M. 1947, is amended to read as follows:

Section 41. Refund or Credit for Sales and Use Tax upon Food, Drugs and Other Related Items. The state board of equalization shall allow a refund or credit to persons who file individual income tax returns under the Montana Income Tax Act (sections 84-4901 et seq. R.C.M. 1947) for taxable years beginning on and after January 1, 1972 and who have continuously resided in this state for the twelve (12) months ending on the last day of their taxable year. The refund shall be made for each exemption, including that for blindness or age sixty-five (65) years or over, for which a deduction is claimed on the taxpayer's Montana income tax return except that no refund or credit may be claimed for an exemption which represents a person filing a Montana income tax return claiming a deduction for his own personal exemption. In no event shall more than one (1) taxpayer be allowed refund or credit for the same exemption. The refund or credit shall be computed by multiplying ten dollars ($10) times each exemption for which a deduction is allowable. The refund or credit shall be allowed each person who files an individual income tax return and shall be paid out of monies collected under the sales and use tax hereinabove provided for, and as follows:

(1) if no income tax is due the state, the refund shall be paid to the person filing the return;

(2) if income tax due is less than the computed amount, the difference between the income tax due and the computed amount shall be paid to the person filing the return;

EXTRAORDINARY SESSION II HOUSE BILL NO. 3

An Act to Appropriate Monies to Certain State Institutions and Agencies for the Biennium Ending June 30, 1973.

Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. For the purposes of this act, unless otherwise stated: (1) The term "operation" means all ordinary and necessary expenditures for operation of the institution to which the appropriation applies, and repairs and maintenance, but does not include personal services.

(2) The term "personal services" means all salaries and wages of full-time, part-time, and temporary employees of the state and includes the state's contribution for social security, employee's retirement, industrial accident insurance, authorized health insurance, and unemployment compensation.

(3) The term "repairs and maintenance" means repairs to equipment and the cost of replacing parts of equipment, repairs to buildings and to the plumbing, heating, wiring and air-conditioning systems in buildings, occasioned by ordinary wear and tear or by physical damage, and the cost of painting the exteriors and interiors of buildings. Major alterations of existing buildings are capital expenditures and are not repairs and maintenance.

HeinOnline -- 1971 vol. II 1881 1971

(4) The term "capital" means those items which do not lose their identity, which are adaptable to continuing use and have a useful life of more than one (1) year. Capital shall include the replacement of existing capital assets, as well as new acquisitions, but does not include expenditures for the construction, improvement, betterment, or furnishing of buildings, structures, or purchase of buildings or land unless specifically authorized.

(5) The term "agency" includes all state offices, departments, divisions, boards, commissions, councils, committees, institutions, university units, and other entities or instrumentalities of state government.

(6) The term "program" means a segment that includes a combination of planned efforts to provide a service.

(7) The term "approved budget amendment" means approval by the governor of a request submitted through the director of the budget division to:

(b) transfer appropriations, including general fund appropriations, between programs within a state agency; or

(c) expend remaining balances of the first fiscal year appropriations, including general fund appropriations, during the second fiscal year of the biennium, or

(d) change any agency operation plan.

Section 2. The appropriations contained in this act are intended to provide only necessary and ordinary expenditures for the year for which the appropriations are made. Except for amounts legally encumbered at the end of each fiscal year the unexpended balance of any appropriation shall revert to the fund from which it was appropriated. In case of necessity, an appropriation not expended during the first fiscal year of the biennium may be expended during the second fiscal year by approved budget amendment.

Section 3. The appropriations in this act are intended to provide for all expenditures for: (1) personal services;

(2) all other ordinary and necessary expenditures for the operation of the agency and the program to which the appropriation applies;

HeinOnline -- 1971 vol. II 1882 1971

(3) repairs and maintenance, other than major alterations of existing buildings; and

(4) the purchase or replacement of capital items other than expenditures for the construction, improvement, or furnishing of buildings or purchase of buildings or land unless specifically authorized.

Section 4. Financing for new or expanded programs from sources other than the general fund may be made available by approved budget amendment.

Section 5. Subject to law, each agency, with the exception of elected officials and their employees, shall submit for review and approval to the director of the budget division, on or before July 1 of each fiscal year, an operational plan within the limits of appropriations which includes the position and salary of all officers and employees, and no change shall be made in said operational plan without an approved budget amendment as provided in section 1 (7) above.

The review and approval power of the budget director relating to the operational plan shall be limited to determining whether the plan is within appropriation limitations.

The salary of the chief administrator of each agency, commission, board, or institution shall be determined by the appointing authority subject to the provisions established in section 1 (7) above.

Section 6. No new program may be established and no existing program may be expanded beyond the scope of the programs approved by the legislature in the 1973 biennial budget, unless the new program or the program expansion and its method of financing is approved by the governor after presentation through the director of the budget division.

Section 7. Transfers of appropriated funds between programs of an agency may be made only by an approved budget amendment.

Section 8. If the operation of a state agency is financed by an appropriation or appropriations from the general fund as well as by appropriation from other sources, the funds provided by appropriation from the general fund shall be decreased by the amount that the funds received from other sources exceeds the amount from other sources appropriated by the legislature in the 1973 biennial budget, provided that: (1) the decrease does not jeopardize the receipt of the funds to be received from other sources; and

HeinOnline -- 1971 vol. II 1883 1971

(2) this section shall not apply to any excess funds if they are to be expended for a new or expanded program approved by the governor upon a request submitted to him through the director of the budget division.

Section 9. When an agency receives federal funds as a reimbursement of a prorated share of administrative cost attributed to the operations of all state agencies involved, the federal funds shall be deposited into the general fund unless usage of the federal funds is restricted by federal provisions.

Section 10. The governor after declaring an emergency, may reduce any appropriation by not more than fifteen percent (15%) except appropriations for: (1) payment of interest and retirement of the state debt;

(2) operation of the legislature;

(3) public schools;

(4) the judiciary; or

(5) salaries of elected officials, during their term of office.

Section 11. An informational copy of each approved budget amendment shall be filed with the legislative auditor. The director of the budget division shall submit to the succeeding legislature a summary of all approved budget amendments made during the biennium together with the supporting data.

Section 12. If any section, subsection, sentence, clause, or phrase of this act is for any reason held unconstitutional, such decision shall not affect the validity of the remaining portions of this act.

Section 13. Minimum salaries of employees in the department of institutions, with the exception of the board of pardons, shall be determined by the "Compensation and Classification Plan" of the department of institutions dated March 10, 1971 and on file with the budget division of the department of administration. The amount of salary increases shall correlate to said schedule and in no case shall exceed the percentage differences between the established minimum for the classification in fiscal year 1970 and that minimum established by the aforementioned "Compensation and Classification Plan" dated March 10, 1971 except that, within the limits of the appropriation for personal services, each employee, after evaluation, may be entitled to a minimum of a one-step increase each year of the biennium.

Section 2. The appropriations contained in this act are intended to provide only necessary and ordinary expenditures for the year for which the appropriations are made. Except for amounts legally encumbered at the end of each fiscal year the unexpended balance of any appropriation shall revert to the fund from which it was appropriated. In case of necessity, an appropriation not expended during the first fiscal year of the biennium may be expended during the second fiscal year by approved budget amendment.

Section 3. The appropriations in this act are intended to provide for all expenditures for:

(1) the decrease does not jeopardize the receipt of the funds to be received from other sources; and

(2) this section shall not apply to any excess funds if they are to be expended for a new or expanded program approved by the governor upon a request submitted to him through the director of the budget division.

Section 9. When an agency receives federal funds as a reimbursement for a pro-rated share of administrative cost attributed to the operations of all state agencies involved, the federal funds shall be deposited into the general fund unless usage of the federal funds is restricted by federal provisions.
